

URGE USE OF NEW SLOGANS TO BOOM CITY

Appleton's Ideals Are Set Forth
in Mottos Adopted by
Civic Club.

SELECT OCTOBER MOTTO

"Appleton, Hub of Good Roads
and Electric Power," Is
to Be Used.

Appleton has enough pithy, pointed slogans to last it a year as a result of the contest conducted by the chamber of commerce. In addition to the motto, "You'll Like Appleton," for which Miss Dorothy Bliss was awarded the first prize of \$10, the publicity committee selected 13 slogans for which it will pay prizes of \$2 to the authors. The prize checks are already in the mail.

Many of Appleton's civic and industrial advantages will be advertised to the world in a few words. The slogans show that there are many attractions. Every member of the chamber of commerce, and every business house sending correspondence to other cities will be asked to use on its stationery the motto selected for each particular month. Secretary Corbett has selected as the October slogan, "Appleton, the Hub of Good Roads and Electric Power." Members are also requested to print on their stationery, "Member of Appleton Chamber of Commerce."

This is only one of the many features that will be used to advertise the attractiveness of Appleton as a business and manufacturing city. A pamphlet will soon be issued describing the city briefly. Later a souvenir book containing news from the city and rural districts will be prepared. A number of conventions drawing hundreds of delegates will be held here at the invitation of the chamber.

These people won prizes for slogans: Miss Dorothy Bliss:
Motto: You'll Like Appleton.
Slogans: Where Low Power Rates Prevail.

Center of the Paper Industry.

Rev. Waldo:
Appleton, the home of the first great vocational school.

Appleton, the center of the world's cheese industry.

Rev. J. M. Kominers:
Appleton, the water power city.

Floyd Laubs:
Appleton, the hub of good roads and electric power.

Joseph Koffend:
Appleton, alive and aggressive.

Mrs. J. C. Hammer:
Choose Appleton for education, industry and commerce.

Miss Ruth Leoni:
Appleton, the city of ideas and ideals.

Mrs. W. L. Crow:
The Fox River boat of prosperity untended at Appleton.

Watch us grow golden apples in Appleton.

Miss Anna Wetmar:
Forward, March!

U. S. Fights Practice of Granting Exclusive Rights for Cable Landing.

(By A. L. Bradford)

Washington.—An agreement among nations not to grant exclusive rights for landing of cables on their shores will be sought by the United States in its championship of unhampered world communication, it was learned authoritatively today.

The agreement which the United States will seek in the international communications conference is designed to halt the practice of governments granting to certain nations or their nationals cable concessions which prohibit other countries from entering that field of cable communication.

A meeting preliminary to the international conference began here today with representatives of great powers attending. The nations represented were the United States, Great Britain, Japan, Italy and France. This preliminary meeting will divide the cables taken from Germany.

U. S. MAY CONFISCATE 1,000 CHICAGO SALOONS

Chicago.—Seventy-five breweries and 1,000 saloons here face confiscation when their case comes up before Federal Judge Landis, according to Internal Revenue Collector Harry W. Mager today.

Mager declares the breweries manufactured 3 1/2 per cent beer and that it was sold by the saloons. In addition Mager charges the breweries and saloons failed to pay a war tax.

Mager claimed under an old act, the government has the power to seize the property and manage it.

Mrs. Christina Goss has returned from Chicago, after accompanying her daughter Marie, who is to enter St. Anthony convent, St. Louis, Mo., to take up nursing.

Chief M'Gillan Urges Special Attention To Removing Fire Hazards

MAYOR SANCTIONS ANTI-FIRE DAY

City Executive Calls on Appleton People to Clean Up Premises.

Mayor J. A. Hawes this morning took official cognizance of October 9 as Fire Prevention day by issuing a proclamation urging observance of the day in a special manner in Appleton. He called attention to the appalling loss of property and lives through preventable fires and suggested that Appleton people take action to reduce the fire hazards in their homes, stores and factories.

October 9 will be observed as fire prevention day in nearly every state in the union. Gov. E. L. Phillip recently issued a statewide proclamation urging observance of the day and Mayor Hawes has now given it Appleton's official sanction.

The mayor's proclamation follows: By proclamation of the president of the United States and the governor of the state of Wisconsin, Saturday, October 9, 1920, has been designated as Fire Prevention day.

Much waste of life and property is caused by carelessness. More than 20,000 lives are lost each year by fire and most of the victims are women and little children.

Fully 325 million dollars worth of property is destroyed each year by fire.

It is well to seriously consider what such waste means especially during these times when homes for our people are so scarce.

Most fires and accidents could be prevented.

I earnestly recommend that special exercises be held in our schools to call attention to these grave matters and to make effective rules for their prevention.

I further recommend that every factory, shop, store and business place as well as every home and family observe that day by laying special stress on ways and means to eliminate this enormous waste of life and property.

Let us clean up our yards, cellars and attics now and keep them so, to the end that the future may be as free from fires as is humanly possible.

UNCOVER NEW RED PLOT AGAINST U. S.

Raid Reveals Instructions to Begin Overthrow of All Authority.

(By United Press Leased Wire)

Chicago.—Alleged plans of radicals for an armed revolt in this country were believed uncovered here today in the finding of a pamphlet entitled "The proletarian revolution and wage slavery."

The pamphlet found in raids on radical headquarters here called on foreign nationalities to begin an immediate armed revolution.

Another pamphlet, said to be a proclamation of the "Union of Russian Workers," also urged revolt. It declared all authority of the United States government must be destroyed, class distinction wiped out and all prisoners freed.

Two alleged radicals were arrested in the raids. They were said to be well known anarchists.

The two men were held on \$25,000 bond under a charge of conspiracy to overthrow the government. Federal officials here announced that information had been obtained from them which will result in arrests of alleged accomplices in Milwaukee and St. Paul. Federal agents there were informed of the evidence and are expected to proceed at any time to make arrests in those cities. Edward J. Brennan, chief of the department of justice here, stated.

SEEK FEDERAL AID IN PROBE OF BALL SCANDAL

(By United Press Leased Wire)

Chicago.—Federal investigation of baseball crookedness was sought today when Harry Repleg, assistant state's attorney, and Henry B. Brigham, foreman of the Cook county grand jury, probing baseball scandals, conferred with District Attorney Clyne.

Evidence gathered by the jurors implicating a number of players and gamblers in fake games, was offered federal authorities for a nationwide probe, Brigham said.

Federal aid was sought, it was explained, as witnesses might be subpoenaed and the more stringent federal laws invoked in prosecutions.

Government action will not interfere with indictments already returned or in preparation by the grand jury, Repleg said.

Germany Keep Dailies

London.—Germany has refused to surrender the new giant dirigible intended for trans-Atlantic service, according to the Daily News.

Representatives of the inter-allied disarmament commission demanded surrender of the airship which is being built in the Zeppelin factories near Nauern.

"Y" WORKERS SET RECORD IN MEMBER DRIVE

First Association in Nation to Reach Goal in Annual Campaign.

REPORT 1,564 MEMBERS

Campaign Workers Stage Enthusiastic Rally When Drive Is Finished.

Appleton Y. M. C. A. campaign workers established a state and national record Thursday night when they reported 1,564 memberships, 64 more than the goal set for the race. The local institution is the first in the United States to report an increase of 25 per cent in membership in the effort toward a national goal of 1,000,000 members this year.

The campaign was the most successful in the history of the organization and was conducted in a most unflinching manner. There was little or no conflict and the workers were filled with a rare enthusiasm.

Commander Emil Walther, who announced the result, was given a tremendous cheer when he completed his report.

When the workers assembled for dinner in the Y. M. C. A. gymnasium Thursday night they reported 1,503 members, three over the goal. They were not satisfied with that, however, and went out again, returning at nine o'clock with 61 more members.

The membership this year is 25 per cent larger than a year ago and 50 per cent greater than three years ago when 1,000 men and boys were enrolled. Nearly 500 members were recruited between 12 and six o'clock Thursday afternoon.

Division C, with O. P. Schaefer as commander, was awarded the division trophy for securing the largest number of memberships, reporting 326. The team award went to W. E. Basing who reported 105 at the six o'clock dinner. Team D2, headed by John Bushy, sprung a surprise at the nine o'clock meeting by reporting 118 memberships, a big gain over his six o'clock report. Mr. Basing increased his total to 114. It was decided to also award a team trophy to Bushy's team for its splendid showing.

A jubilation meeting followed the reports, livened up by music furnished by the college band.

Following are the records made by the divisions and teams:

SOUTHERN WAR VETERANS MARCH IN ENCAMPMENT

Houston, Texas.—Heroes of the confederacy marched again amid cheers here today.

Led by 500 Texas national guardsmen, united confederate veterans and affiliated organizations formed a procession of many miles long.

About 6,000 of the more aged were carried in motor cars.

Police had trouble keeping the streets cleared of thousands who parked the streets and sidewalks.

Business sessions of the encampment ended last yesterday with reelection of Gen. K. M. VanZandt, Ft. Worth, as commander-in-chief.

(By Camillo Cianfara)

(By United Press Leased Wire)

Rome.—Despite condemnation of Russian bolshevism by Italian socialists, leaders of the party meeting in Trieste have adopted a "platonic" resolution reaffirming solidarity with Russia.

The socialists, all deputies, promised to continue defense of the Russian regime in their parliamentary work.

CUT OFF ADVANCE PAYMENT TO RAILS

Marketing of Railroad Securities Made More Difficult by New Ruling.

(By United Press Leased Wire)

Washington.—Marketing of railroad securities probably will be made more difficult, officials said here today, by the ruling of Comptroller of the Treasury Warburg that payments to any road under the guarantee clause of the transportation law may only be made in full at one time.

Advance of part of the amount due a road may not be made by the treasury, even though requested by the interstate commerce commission, except under very limited conditions, Warburg ruled.

The ruling is expected to complicate further the question of railroad financing because few roads will be able to put in claims to the interstate commerce commission in complete detail under several months.

For the treasury department, the ruling will provide temporary relief from the question of where to get the money to pay the railroads. Advance payments of approximately \$10,000,000 were made by the treasury department up to September 1.

The question of jurisdiction of the interstate commerce commission and the state commissions over rate making which for a time threatened to reduce the railroad revenues, now is being threshed out in each state.

In many states the local utility commissions refused to advance passenger and pullman rates to conform to the standards set up by the recent ruling of the interstate commerce commission.

BUMPER CROP CUTS OUT FARM PROFITS

Huge Production and Panicky Times Have Bad Effect, Expert Avers.

(By United Press Leased Wire)

Chicago.—Profits expected by farmers on a good corn season have been wiped out by a bumper crop and panicky price conditions, R. Snow, grain crop expert, said here today.

Snow predicted heavy financial losses for corn growers.

The crop this year, Snow said, was an exceptionally large one and of fine quality.

"This means a loss to the farmer," said Snow, "figuring on a basis of wages paid farm hands and the general production costs."

The decline in wheat, Snow believes, is only temporary. He predicted wheat will sell at high figures before another crop is raised.

"The world supply is below any reasonable expectation of world demand. The severe break in wheat prices was not due to the demand and supply situation in wheat. It represented the general panicky price declines and in all probability wheat will again sell at high prices before another crop is raised."

That the 1920 corn crop is a record breaker was the belief expressed today by Henry Cox, government weather forecaster for the middle west.

Cox declared the long summer resulted in the production of a 90 per cent crop, where it had been figured the best that could be obtained was 75 per cent crop.

"The wonderful September weather in the middle west did more to lower prices of necessities than anything else," said Cox.

"It forced declines in grains and contributed more to knocking the H. of the H. C. L. than any other single thing."

CONTROL OF COURT CALLED G. O. P. AIM

Cox Hurls New Charges at Senate Oligarchy in Invasion of South.

(By Herbert W. Walker)

(By United Press Leased Wire)

Enroute with Governor Cox, Paducah, Ky.—The political stake for which "the senatorial oligarchy" is playing in this campaign is "the absolute control of the United States supreme court" in addition to domination of the presidency and congress.

Governor James M. Cox charged in a statement here today as he opened his final day of stump campaigning in the south.

Predicting four vacancies probably will occur in the supreme tribunal within the next four years, the democratic candidate asserted the republican senate leaders in the exercise of their right to confirm or reject presidential appointments would demand that Senator Harding, if elected, appoint four reactionary judges.

The senatorial crowd is playing for big stakes which are no more or less than the absolute control of the three constitutional branches of government," Cox said.

In said he had information of "an understanding in republican circles as to one supreme court appointment."

The governor characterized Harding's Des Moines speech as making beyond all doubt the league of nations as the great issue of the campaign.

"Senator Harding's position is now known," he said.

"In response to my questioning he says he is against the league altogether. Evidently he has heard from Brother Borah. He is against the league and I am for it. That's the issue."

FIND JAP PLOT TO KILL RICH CALIFORNIA GIRL

San Francisco.—Details of an attempt to poison Anita Baldwin, of Los Angeles, daughter of the late J. J. (Lucky) Baldwin and one of the heirs to his millions, became public today in a letter from Miss Baldwin to Senator James D. Phelan, of California.

Thin splinters of bamboo, tied with thongs of skin, were found in Miss Baldwin's food, according to the letter.

Immediately after the discovery, which has been kept secret for considerable time, all of the Japanese employed at Miss Baldwin's ranch and home near Los Angeles were discharged, the letter said. This was done because bamboo splinters tied with thongs of skin, which will dissolve readily, form one of the traditional methods of poisoning used in Japan.

An investigation, it was stated, failed to reveal anyone on whom the responsibility could be placed.

MACSWINEY STILL ALIVE ON 57TH DAY

Physicians and Relatives Do Not Agree on Lord Mayor's Condition.

(By United Press Leased Wire)

London.—Interest in the hunger strike of Lord Mayor Terence MacSwiney was revived throughout Britain on this, the 57th day of his voluntary fast.

MacSwiney slept well last night, British physicians said he looked better today. Relatives said he was weaker and, apparently, exhausted. He was unable to whisper, they said.

MacSwiney is no longer a "hero," he is a great scientific fact, the Daily Express said.

An announcement from Dublin Castle gave a list of Sinn Fein offenses against the government with the explanation that reprisals for the death of policemen last year were due to the fact the murderers could not be brought to justice.

Alleged offenses listed were: Policemen murdered, 103; houses destroyed 63; barracks destroyed 504; barracks damaged 168; police wounded 173; soldiers killed 18; soldiers wounded 61; civilians killed 27.

PLENTY OF SOFT COAL, REPORT SAYS

Wholesale Dealers' Association Tells Consumers Not to Worry.

(By United Press Leased Wire)

Washington.—High bituminous coal prices are unjustified and consumers who have as much as a month's supply on hand should buy only for immediate needs, the American Wholesale Coal association advised today.

"There is no danger of a bituminous coal shortage, the association said, and indicated by holding off buying consumers can cut prices. The statement of the association was prepared by its executive committee.

"It is the opinion of the committee that a great change in the whole market situation is imminent," the statement said.

The geological survey reports show a most "satisfactory condition of stock of bituminous coal now in the hands of consumers," and reports gathered by the association show that large consumers who recently had no storage stocks now have a six weeks to three months supply, the statement said.

The association also pointed out that the close of navigation will release to the general trade coal from mines now sending their production to the northwest by the lakes.

COAL PROFITEERS FACE INDICTMENTS BY JURY

(By United Press Leased Wire)

Chicago.—Coal profiteers, being quietly investigated by a federal grand jury here for the last six weeks, were expected to be indicted this week, it was learned today.

Methods used by coal brokers indicate they made excessive profits, according to officials.

The high price of coal, it was said, is due to the excessive commission taken by brokers.

A commission as high as \$2.30 a ton, it was declared, was collected by brokers.

REED TAKES UP SPENCER FIGHT AGAINST WILSON

(By United Press Leased Wire)

Kansas City, Mo.—Sharp criticism of Secretary Tumulty's invitation to Senator Spencer "to produce official records of the peace conference to prove his charges" that President Wilson pledged American arms for protection of Rumania and Serbia, was made here today by Senator James Reed, Missouri democrat.

"It is absurd for those who have documents and who have withheld them from the public to demand they be produced by those to whom they have been denied," Reed said.

HARDING CUTS LEAGUE BUT IS NOT WITH BORAH

Tumulty Characterizes Harding Attitude as "Great German Victory."

CARRIES FIGHT TO COX

G. O. P. Nominee Is Trying to Get on Offensive Before Cox Gets Started.

(By United Press Leased Wire)

Enroute with Senator Harding to Kansas City, Mo.—Renewing his attack on the league of nations today, Senator W. G. Harding declared he does not want lives of America's boys and girls mortgaged to serve the interests of some ambitious power in Europe.

Washington.—Senator Harding's utter rejection of the league of nations is "a great German victory," J. P. Tumulty, secretary to President Wilson, said today.

"Senator Harding has gone over bodily to the irreconcilables," Tumulty added.

"He has chucked all the others who have different views."

Tumulty said he was greatly interested in learning how former President Taft, former Attorney General Wickersham and other prominent republicans who have advocated the league of nations, would view Senator Harding's position.

It was intimated at the White House that Harding's statement might be made the occasion for another campaign document from President Wilson.

Former Senator Jonathan J. Bourne, Jr., now head of the republican publicity department, said the present position of the candidate would destroy any democratic ally of the league referred to after November 2.

"Cox has returned to the point whence Wilson started him," Bourne said.

"The league has been given first place in the campaign."

Carries Fight to Cox

(By Raymond Clapper)

Enroute with Senator Harding to Kansas City, Mo.—With the league of nations becoming more apparent as the paramount issue, Senator W. G. Harding swung into Missouri today.

Harding came out flat-footed against the covenant as it stands. He declared he would never submit to the senate as long as it contained Article 10.

Anticipating a strong fight the remainder of the campaign by the democrats on the league issue, Harding was believed today prepared to carry the fight into his rival's camp in an effort to get the offensive before the democrats get under way.

Opposed to Borah

Harding stirred a big Omaha, Nebraska, storm last night when he announced he was opposed to the covenant as it stands. He declared in his Omaha speech that he is not committed in accord with Senator Borah. He explained that he favored some form of an international association, which the Idaho senator opposes.

Harding is pushing southward through the Missouri Valley today on the main leg of his middle western trip. He speaks at Kansas City, Mo., tonight.

Harding made 25 speeches in the first two days of his trip and the constant strain is telling on his voice.

Democratic newspapers and political managers are against the party leadership of Harding. At Des Moines the democratic state chairman addressed ten questions to Harding and at Omaha the World Herald, owned by Senator Albert M. Hitchcock, administration leader in the treaty fight, addressed eleven questions to the republican candidate.

CHRONIC "CONFESSION" TAKES MURDER BLAME

(By United Press Leased Wire)

San Francisco.—Authorities here were puzzled today as to whether Joseph Rodriguez was a weaver of blood thirsty dreams, or the actual murderer of Jacob A. Denton, wealthy Los Angeles broker, whose body was found in a tomb in the cellar of his home.

Rodriguez, arrested first, on a charge of kidnapping 18-year-old Josephine Villaral, told authorities he was the man who killed Denton. He named five persons as accomplices. The prisoner declared Denton was killed as a climax of a twenty minute fight following a party at his home.

Rodriguez said he and another man fled while the others buried the body.

When informed of the "confession," Los Angeles police wired that they knew Rodriguez as a "confessor."

They said he had "confessed" to most of the crimes recently committed in Los Angeles.

Police Call it "Fake"

Los Angeles, Cal.—Los Angeles police and the district attorney's office today declared the alleged "confession" of the Denton murder, made late yesterday by Joseph Rodriguez in San Francisco, was "an absolute fake."

Rodriguez, alias Gus Carillo, was in jail here from May 11 to Sept. 8, according to police detectives. Denton was murdered early in June.

COX GIVES \$5,000 TO HIS OWN CAMPAIGN

By United Press Leased Wire
New York—The democratic candidate fund was enriched today by a check for \$5,000 from Governor Cox. The contribution, came in a plain envelope addressed to Wilbur W. March, treasurer of the national committee without accompanying letters, the candidate's signature on the check being the only means of identification.

1920 CENSUS TO MAKE CHANGES IN CONGRESS

By United Press Leased Wire
Washington—Changes in the character and probably the size of the house of representatives will follow announcement of results of the 1920 census, according to census bureau officials and congressmen today. Some of the anticipated changes are:

The size of the house may be increased to nearly 500 members if the basis of representation is kept as it is now or it may be decreased by increasing the number of persons each congressman represents, the number of "city congressmen" will be increased and the number of "rural congressmen" decreased. Some states will gain more members if the basis of representation is unchanged. If it is changed many states will have fewer members. The census results made public yesterday show there are 155,633,198 persons in the country, a gain of 13,710,842 or 14.9 per cent since 1910.

SAY MINE OPERATORS VIOLATE LEVER LAW

By United Press Leased Wire
Washington—Evidence against anthracite coal operators and dealers will be presented to a grand jury in West Virginia probably within a week, Attorney General Palmer announced today. Palmer said operatives of the justice department have been collecting evidence of violations of the Lever law for some days and that the evidence so far collected strongly points towards profiting.

Sister Mary's Kitchen

Furniture upholstered in leather requires special care. There is a certain amount of animal oil in all real leather and as this wears away it should be renewed if the leather is not to dry out and crack.

Oil applied to leather will, of course, darken it but better faintly darkened leather than dried and cracked leather. Lemon or linseed oil is preferred for dark leathers. Paraffin oil is best for light upholstery.

Let the oil stay on the leather as long as possible to sort of soak in. Then rub perfectly dry with a soft absorbent cloth. Unless all surplus oil is carefully wiped off the furniture will collect dust in an alarming fashion.

ANTI-U. S. FEELING IN JAPAN COMING TO HEAD

(By Henry W. Kinney)
Tokio—Japan should be condemned forever, should she consent to the conclusion of a treaty that would please anti-Japanese agitators in America, Viscount Kato declared at Sendai, where he was addressing a convention of the Kensei-Kai party. Kato is leader of the opposition in the diet.

As a result of the apparently growing feeling on the Japanese-American situation here, Americans in Japan are becoming nervous. Officials, however, appear inclined to the belief that the present outburst will wear itself out and will have the ultimate effect of rendering less grave the danger of any serious demonstrations should California pass its proposed anti-Japanese legislation in November.

Mr. and Mrs. Henry Stussy will leave Saturday for Milwaukee after being guests of relatives in the city for a few days.

750,648,000 BUSHELS OF WHEAT FORECAST

Dayton, Ohio—Questions surrounding a \$5,000 note signed by Governor Cox in 1917 and paid off later by the Dayton Metal Products company, were cleared here today by the senate subcommittee investigating campaign expenditures.

J. E. Talbot, president of the Metal Products company, testified Cox borrowed the money from a bank to finance a municipal good government movement here.

Talbot, who was one of the leaders in the good government campaign said

he felt since he and business associates had induced Cox to go into the movement they were under moral obligations to pay the \$5,000 the governor had borrowed to finance the plan. Republicans who gave the investigation information on the \$5,000 transaction had suggested that it might conceal a campaign contribution to Cox. The committee adjourned this afternoon to meet in St. Louis October 18.

BELIEVE ROBBERY WAS MOTIVE FOR ATTACK

Kansas City, Mo.—Police today had been unable to unearth any motive other than robbery for the murder of Miss Florence Barton and the wounding of her fiancée, H. R. Winter, while the couple were riding in an auto near here. Six suspects were held. They were taken before Winter who was unable

to identify any of them as members of the trio which he said attempted a hold up and did the shooting. Winter, who was shot in the arm, was in a serious condition. The wound became infected and he was taken to a hospital.

The Junior League, of which Miss Barton was an active member, today started raising a fund to be used to prosecute the slayer.

The businessmen of the city, aroused by the many crimes here, urged organization of a state constabulary and a citizens' police force.

COUNTY "BOYS IN BLUE" HOLD ANNUAL REUNION

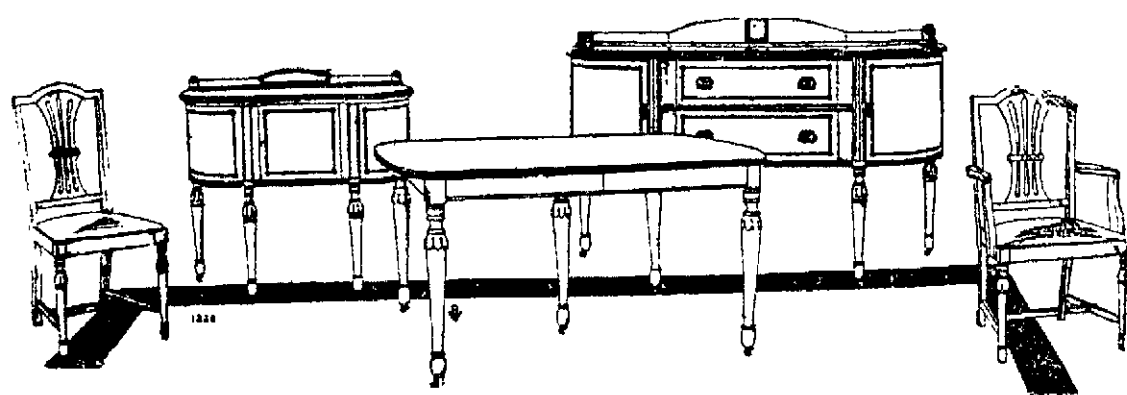

Many a cherry "howdy" and a few of the stories of the days of '61 were heard at Hortonville on Friday when the boys in blue gathered for another reunion. They didn't march across the country with packs on their backs, nor did they ride in demagogic wagons with slow horses. They climbed into 20th century buzz wagons and were whisked over to the rendezvous in record time. Members of Company D, 21st Wisconsin and the 32nd Wisconsin regiments of the Civil war were in attendance.

The outstanding feature of the jolly good fellowship was a sumptuous dinner prepared by the Ladies Relief corps, Hortonville, and served in the G. A. R. hall. A brief program also accompanied the event.

GOES 15 MILES TO GET MORE TANLAC

Kreuch Says It Put Him On His Feet And He Feels Like a Different Man

"I have come fifteen miles to get a bottle of Tanlac," said Richard Kreuch of New Butler, Wis. while in Milwaukee, one day recently. "For several years he continued, 'I had been troubled with a bad stomach. Nearly everything I ate did me more harm than good and felt like a hard lump in my stomach. I suffered from heartburn and stinging pains throughout my chest. Dizzy spells often came on. I had rheumatism in my knees, feet and back. I never could sleep to do any good, and many a night I woke up about every half hour and by morning barely had strength to get out of bed."

"Right after I started taking Tanlac my appetite picked up. I commenced to eat better and sleep better and my troubles began to disappear. My stomach is now in as good condition as it ever was and never troubles me at all. I am never troubled with dizzy spells any more and at night I sleep like a log. The rheumatism has just about completely left me and I feel as spry and active as I ever did. I am feeling fine and can do a bigger day's work than I've been able to do in years."

Tanlac is sold in Appleton by John E. Voigt, F. O. Brown, Shilcock, Dr. J. M. Sattler, Bear Creek; H. E. Abend, Dale.

LOOK FOR 1,000 AT CONFERENCE

Oshkosh Makes Big Preparations for State Social Work Gathering.

About a thousand people, including 50 from Appleton, will gather at Oshkosh October 13 to 15 for the state conference of social work. Topics relating to almost every phase of civic or community work will be taken up by national social leaders.

The Wednesday evening session will be held in the First Congregational church, opening at 7:45 o'clock. Thursday's meeting will be at the First Presbyterian church. The Friday morning and afternoon meetings will be held at Fraternal Reserve association hall, and the closing evening session at the First Congregational church.

School superintendents, principals and teachers; proof relief officials; industrial welfare workers; librarians; Y. M. C. A. and Y. W. C. A. workers; public recreation directors; county agricultural agents; health officers; institutional heads; nurses; truant officers; judges, policemen, sheriffs, Salvation Army workers, probation officers, Red Cross and associated charities directors and others are already registering in large numbers.

There is to be a special luncheon Thursday noon, October 14, given by

APPLETON GIRL HELD IN GREEN BAY JAIL

Pearl Muenster, arrested in Green Bay on a charge of passing worthless checks, has been returned to her home here after relatives had settled with merchants whom she had victimized, it was reported from Green Bay.

The Muenster girl, who was known as Ethel Hess in Green Bay, was arrested in a dance hall and spent the week in the Green Bay jail. She is said to have passed two worthless checks, one calling for \$75 and the other for \$50, in two Green Bay stores. Relatives of the girl were notified after her arrest. She will not be prosecuted, it was said.

the League of Women Voters and representatives of the Federation of Women's clubs, for Dr. Valeria Park, Hartford, Conn., one of the speakers.

Allen T. Burns, New York, president of the national conference of social work and director of Americanization studies for the Carnegie foundation, Dr. Graham Taylor, Chicago, a dominant figure in social work, and others will speak at the opening session.

The Oshkosh citizens are planning to entertain in their homes those who prefer not to go to the hotels. Mrs. E. R. Williams, Oshkosh, or Edward Tyndie, University Extension, Madison, will arrange entertainment. Special reduced railroad rates, on return, will be granted to all who secure certificates on purchase of railway ticket when they leave home.

The Stage

May Robson
Notwithstanding the fact that Presidential election year is always looked upon as a hazardous season in the theatrical world, prosperity could not beam with brighter prospects than has been manifested during the tour of the charming and popular comedienne, May Robson, who, Augustus Pitou, Inc., will present at the Appleton theatre on Monday, Oct. 11th for an engagement of one night in her newest and most popular success, "Nobody's Fool," a comedy in three acts and four scenes, written expressly for her by Alan Dale, who for many years has been conceded one of the greatest dramatic critics in the country.

It has been Miss Robson's custom to each year appear in a new play, all of her previous successes which include "Tish," "The Rejuvenation of Aunt Mary," "The Making Over of Mrs. Mat," and "Little Bit Old Fashioned" being dramatized from either books or well known magazine studies, but this year she has been furnished with an original comedy, the role in which she will be seen, being different from any of the characters with which she has heretofore been identified.

Vaudeville Program
Baader-Lavelle Co., a cycling novelty is the feature of a good bill at Appleton theatre this week. Other numbers include the Stanleys, in an act entitled: "At the Grocers"; Brooklyn comedy four, a quartette; Ed. McConnell, pianist who can make his instrument talk. The feature picture is entitled "Adorable Savage."

KAUKAUNA KNIGHTS TO HEAR GREEN BAY MAN

Landing day will be observed by the Kaukauna council, Knights of Columbus, at its regular meeting Monday evening. Elaborate preparations are under way for the event, at which John F. Martin, Green Bay, supreme director of the Knights of Columbus, will be the speaker.

His address will be of exceptional interest because he will relate his experiences as a member of the special delegation which presented the Knights of Columbus statue of LaFayette to the French government. The statue is made of metals taken from confiscated German guns and stands before the city of Metz.

A large number of members of the Appleton council plan to attend the gathering.

ANNUAL SUGAR BEET SHIPMENT UNDER WAY

The movement of sugar beets to the factories at Green Bay and Menominee, Mich., is now in full swing and nearly every north bound train contains several carloads. Seventeen carloads were counted in one north bound train Friday morning. The beets are being shipped principally in gondola cars.

Joseph Fredericks of Menasha, was in Appleton on business Thursday.

All Mothers Will Find Use For This Laxative

Give Dr. Caldwell's Syrup Pepsin to a constipated child and note its quick recovery.

IN a growing family the subject of thought with the parents is how to keep the children healthy and happy, and what to do when they become ill. Most illnesses of childhood are the symptoms of constipation, such as headaches, coated tongues, flatulence, dizziness, loss of appetite and sleep, biliousness, etc.

You can surely feel safe in doing what tens of thousands of others do with good results, so give, according to the age of the child, a small quantity of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought last year at drug stores. It is America's favorite family remedy for constipation, indigestion and similar ills, and is especially suitable for children, women and old folks as it is so mild and gentle in action.

There is no secret about Dr. Caldwell's Syrup Pepsin. It is a combination of Egyptian Senna and other simple laxative herbs with pepsin and pleasant tasting aromatics. Druggists have sold it for thirty years, and a sixty cent bottle will last for months. Experienced mothers are never without it in the house.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

"DRY" OFFICERS RAID TWO APPLETON PLACES

Federal prohibition officers quietly descended on two Appleton saloonkeepers Wednesday afternoon, confiscating liquor valued at more than \$1,000. The officers refused to divulge the names of places raided but it has been learned that visits were made to the Roy Myse and the Van Roy saloons on east College avenue. It was said that liquor valued at \$900 was taken from the Myse place.

This was the second raid made in Appleton in the last few weeks. Richard Gitter's place on Appleton street was visited recently and a quantity of raising brandy and a still was taken.

Carl Pottler, who spent several days in Green Bay, returned Thursday.

L. J. Weick of Minneapolis, a former Appleton resident, visited friends here Thursday.

HARDING'S POSITION ON PEACE

Senator Harding in his speech at Des Moines defines his position on the league of nations to this extent: he is for rejection of the league in toto. "I do not want to clarify those obligations," he says. "I want to turn my back to them. It is not interpretation but rejection that I am seeking."

By this statement Mr. Harding also turns his back upon the whole Republican course with reference to the treaty. If he is right the Republican majority of the senate was wrong when it voted for the Lodge reservations, when it voted to ratify the covenant with the Lodge reservations.

The Lodge reservations when adopted by the senate were voted for by 42 Republicans. There were no opposing Republican votes. When the first vote was taken November 19 last, 35 Republicans voted to ratify the covenant and only thirteen voted against ratification. On the final vote March 19 of this year, 28 Republicans voted for the treaty and twelve against. Mr. Harding repudiates these recorded acts of his party in the senate.

There is no question but what these votes in the senate registered Republican opinion throughout the country. If there is any principle and consistency in party action the Republican party is bound by that record. Mr. Harding sweeps it aside as of no consequence, although the final vote was taken after many months of earnest deliberation and endless debate.

The Lodge resolution of ratification was twice submitted to the senate and in both instances Senator Harding's vote is recorded for ratification. Last March when the issue was presented for final binding action by the United States Senator Harding was for American membership in the league of nations with the Lodge reservations—had voted for it on two separate occasions. No more positive party action was ever registered on a great issue of government than that recorded by the Republicans in this vote upon the treaty, in the preliminary votes which led up to it, in the debate which covered months. More mature consideration would not have been possible. A little over six months later, in the midst of a presidential campaign and in the heat of partisan debate and feeling, Senator Harding repudiates the action there taken by his party, together with his own individual record.

In "turning his back" upon the entire covenant and rejecting all proposals for clarifying or modifying it Mr. Harding turns his back upon the great work of Elihu Root in setting up the permanent court of arbitration under the league covenant, a task which Mr. Root only recently completed in collaboration with European statesmen.

He turns his back upon the position taken by Charles E. Hughes, four years ago the Republican candidate for president. He turns his back upon the position of William H. Taft, a former Republican president of the United States. He repudiates the action of distinguished Americans who last spring petitioned the president to re-submit the treaty. In that list were Cardinal Gibbons and William Allen White, a noted Republican. He turns his back upon the attitude of Former Attorney General Wickesham, who served in a Republican cabinet. In brief, he repudiates the entire Republican record on the treaty.

Senator Harding says the league is already "scrapped." But the fact remains that it has a membership of 42 nations, including all but Russia, Germany, Turkey, Mexico and the United States, that its permanent court of arbitration is set up ready to function

and that the league is about to assemble for its first formal meeting.

Senator Harding promises if elected to bring into existence an entirely new association of nations, the nature of which he admitted only last week at Baltimore he had "no constructive ideas" whatever.

Which is more plausible, his politico-opportunist dream about something he himself cannot define, with its practically insurmountable difficulties of realization, or a league of nations already an accomplished fact, indorsed in one form or another by the two great political parties of the United States and favored by every great American who can be looked upon as a truly national figure and leader of the people?

To whom are we to look for guidance in this tremendous problem of peace, an ordinary United States senator from Ohio without a single distinguished act or policy of statesmanship or a single concrete idea on the subject to his credit, or to acknowledged statesmen like Root, Taft, Hughes, Wilson and the crystallized judgment of the civilized world as already expressed in the effort at solution evolved at Versailles? Are we to throw that great work aside as of no consequence, or is it the duty of America to lend its talent and resources and prestige to perfecting this notable and historic step toward universal peace?

Politics for the moment may give one answer, but it is the conscience and intelligence of the nation which must give the final answer. Senator Harding only cheapens his candidacy by his obviously superficial conception of the world demand for compulsory peace and by his treatment of the league of nations instituted for that purpose.

BETTER TO BE RIGHT THAN
REGULAR—WHEN?

James Thompson is a lightweight politician who is trying to ride into office on the prestige of Senator La Follette and the wave of unreasoning radicalism which has swept over the country and from which we are commencing to have a healthy reaction. Mr. Thompson, possessing no abilities of his own, is resorting to every subterfuge of the demagogue to attain the senatorship. He is seeking to promote discontent, class prejudice, social hatred, economic warfare. He submitted his candidacy upon the Republican ticket and was decisively defeated for the nomination.

Placing his name upon the Republican ticket was an act of political dishonesty. Mr. Thompson had already been nominated by the Non-Partisan league, an organization whose principles are utterly hostile to Republican principles, as expressed in both the national and the state platforms. He stood upon the Non-Partisan league platform and a Thompson-LaFollette creation which demand everything the Republican party repudiates and denounces everything it calls for. Mr. Thompson had no right to enter the contest as a Republican. He could only do so with the knowledge that he was misappropriating the title.

The Republican national platform was written long before the primary. It indorsed what Thompson opposes. If he cannot subscribe to that platform and to the Republican ticket now, he could not then. He simply used the Republican label to get into office with. It was a clear case of political fraud. A politician who will stoop to such practices to attain office can hardly be relied upon to deal with the people in a straightforward manner if entrusted with office.

Mr. Thompson's course is not that of a man who places a high estimate upon political integrity. It is not that of a man possessing those solid qualities of character that invariably accompany real capacity and worth, that invite popular confidence, that bespeak fidelity and public trust. He says "it is better to be right than regular." The time for Mr. Thompson to have discovered this truth was before he was defeated for the nomination, not after he submitted his candidacy as a "regular" and lost. His pretensions to political morality would be more convincing had he given proof of them before the primary.

Mr. Thompson is what his Non-Partisan league program and his personal statement proclaim him to be—a demagogue seeking to capitalize radical clamor and social venom for the ad-

vancement of his political ambitions. He enters the campaign as an independent with wilful misrepresentation of the railroad act and Senator Lenroot, and with a display of ignorance or reckless dishonesty about the league of nations that show a wanton disregard of facts and a willingness to resort to indefensible methods to get into office. His attack upon the league of nations is a bid for pro-German votes; he does not want American troops to "police the Rhine." Mr. Thompson's appeal is to the socialists, the anti-war element, the malcontents of every sort and description. He was the same Thompson before the primary and when the Non-Partisan league placed its stamp of approval upon him, but he posed as a Republican so long as there was a possibility of using that label to satisfy his ambitions. Now that the Republican party has turned him down and out he removes the mask and shouts it is "better to be right than regular."

Can a man of that type be trusted, even assuming the rank doctrines he professes were the essence of truth?

Traumatic Pneumonia

Traumatic is good English, not medicalese, and it means pertaining to injury.

When the sensitivity of the throat is benumbed, as in unconsciousness from any cause, be it an illness, accident, poisoning or surgical anesthesia, minute foreign particles may be aspirated (drawn in) and convey into the chest a mass of Pneumococci, which germs are found in nearly every mouth and in about 20 per cent of individuals examined, they are present in virulent or business-like condition. A severe blow upon the chest may produce a form of pneumonia.

The so-called "ether pneumonia" which follows the administration of ether in rare instances (some three out of ten thousand anesthetizations) is probably purely and simply an aspiration pneumonia and has nothing to do with chilling or the temperature of the operating room. It is best prevented by very thorough cleaning of the mouth before administration of the anesthetic—a feature which is sometimes not properly attended to. Pneumonia has been found no more likely to occur when the operating room temperature is kept comfortably cool than when it is kept depressingly hot, but we have a lot of fogies doing surgery nowadays and they like to keep it nice and warm so nobody will "take cold." One note in the history of these so-called operating rooms that the moonback surgeons are not nearly so careful about keeping the patient warm as they are about keeping all hands in a profuse sweat. Aside from his technical expertness, the average surgeon is a poorly trained doctor.

It is a common thing to hear that John Jones fell in the river and was rescued and if he escapes pneumonia he will live. John languishes for a few hours, probably dodging pneumonia by whatever means the old ladies in charge deem best and lives. In fact, John's cold, ducking in the river, and taking pneumonia that it is to cause hookworm disease. If John inhales portions of the water, that is another question, for along with the water that finds its way into his breathing passages there may be a few virulent Pneumococci from his mouth or throat and a fine change for pneumonia to follow.

QUESTIONS AND ANSWERS

How Fear Gets in Its Work

I fear I have a touch of appendicitis and would thank you to tell me the symptoms. (S. S. E.)
ANSWER—You might thank me now, but maybe not later on. If I were to suggest some symptoms for you you might prefer to adopt them and thereby nurture them until you would feel that "they were your own, and then some eager surgeon might get hold of you, and first think you knew you'd be showing it around in a bottle. No, sir, we are just out of symptoms.

Should Girls Play Basketball

I just dearly love to play basket ball but mother thinks I should not because I am nervous. Last year I had to stay out of school some on account of my nerves, but . . . (Miss F. R.)
ANSWER—My daughter, if I knew what you mean by nervousness I would be in a better position to answer. As a general rule I think basket ball a fine game for girls to play.

Corns

Will you be kind enough to publish in your column your excellent remedy for corns and calluses? I have mislaid the recipe. (Mrs. B. E.)
ANSWER—Paint the corn or callus every night for a week or ten days with a solution of 30 grains of salicylic acid in half an ounce of alcohol. It is better to give the foot a hot soaking first, and then dry it thoroughly before applying the solution.

TWENTY-FIVE YEARS AGO

Presidential Campaigns

By Frederic J. Haskin

XVI. The Cleveland-Blaine Race of 1884

Washington, D. C.—Disgraceful because of the scandal-mongering and mud-slinging, exciting because of the intense partisanship displayed, and because it was so close, the campaign of 1884 stands as one of the most interesting of our history. It resulted in the elevation of Grover Cleveland to the presidential office, the first Democrat to be elected after the Civil War, whose two terms of office were the only interruptions in 52 years of Republican ascendancy.

Long before the campaign was over it was realized that the candidate who carried New York would be elected. Cleveland carried the state by only 1,149 plurality over Blaine. A change of 600 voters in New York would have made Blaine President. The narrow margin resulted in a thousand "ifs" and it is by some of these "ifs" that the campaign will be remembered longest.

The aggressive action on the part of the Democrats began with the election of 1882. Garfield had alienated Conkling by making Blaine Secretary of State, then followed the appointment of Robertson to be collector of the port of New York. Conkling was so furious that he resigned his seat in the Senate, being imitated by Thomas C. Platt, his junior colleague, who thereby gained for himself the sobriquet of "Me Too." Conkling and Platt were sorely disappointed in that they were not triumphantly re-elected.

The assassination of Garfield did not end the factional disputes in the party. President Arthur was Conkling's friend, but he soon broke with the imperious New Yorker. Blaine was the popular leader and the idol of the masses of the Republican voters. Yet his enemies were many and powerful, both within and without the party. The Democrats looked upon him as the next nominee for President, and timed their suits accordingly. In 1883 the Democrats swept the country and elected a majority of the House of Representatives.

Cleveland's Nomination

More than that, they carried the pivotal state of New York by a majority of almost 200,000 with Grover Cleveland as the nominee for governor. Cleveland's career as Mayor of Buffalo and his veto of extravagant appropriations had brought him into notice in New York. His great victory, contributed to by Republican factionism, caused the whole country to look to him. When the Democratic National Convention met in 1884 he was easily nominated on the second ballot, receiving the necessary two-thirds vote despite the violent and even disorderly protests of Tammany Hall, then led by John Kelly. The administration opposed Blaine with all its force, and attempted to win the nomination for President Arthur. But Blaine was the leader from the beginning and received the nomination on the fourth ballot. The powerful influences which had defeated him in the conventions of 1876 and 1880 were still at work, but their force was expended, and Blaine was nominated for slaughter.

Again there was a third party factor in the problem. The Greenbackers reappeared as the anti-Monopoly party and nominated for President no less a personage than General Benjamin F. Butler of Massachusetts, the premier acrobatic clown of the political circus. Six weeks after taking the anti-Monopoly nomination, Butler appeared as a deleterious factor in the Democratic convention actually trying to get the Democratic nomination and bidding for southern support by offering a plank favoring Federal pensions for Confederate soldiers!

Scandals affecting Blaine's integrity had been afoot for years, and had been used against him in two national conventions. The Democratic press had been hailing his nomination with the Credit Mobilier scandal and the Mulligan letters. The charge was reiterated that Blaine, as Speaker of the House of Representatives, had been influenced in his rulings by financial considerations.

The Usual Mud Battle

When the campaign was fairly started, a scandal about Mr. Cleveland's earlier life was unearthed—the Halpin affair. The Blaine forces made a fatal mistake in lending official countenance to the spread of the scandal. When the Democratic Committee considered publishing the Blaine scandal broadcast, Mr. Cleveland vetoed the proposition. That did not prevent, of course, the individual Democrats from taking up and repeating the old charges against Blaine which had been current for

eight years. The result was a bitter, nasty, mud-slinging campaign. Everybody looked upon New York as the pivotal state. There Mr. Cleveland and Mr. Blaine both labored under great difficulties. Mr. Blaine had the implacable hatred of Roscoe Conkling. That alone cost him the Presidency, for there were a thousand Conkling men in Oneida County who voted for Cleveland. On the other hand, Cleveland had the enmity of Tammany Hall and the intense hatred of Charles A. Dana, editor of the New York Sun, and the ablest journalist in the land. The Sun was then a straight-out Tammany organ. Mr. Dana had a personal grievance against Mr. Cleveland. He inspired the Tammany opposition to Cleveland, and after the nomination he booted the ticket.

Dana and the Sun supported General Butler, the third party candidate, and always had a good word for the Prohibitionist candidate, Governor John P. St. John of Kansas. Butler's candidacy was a miserable fiasco, and the Sun's following voted straight for Blaine when election day came around.

How Blaine blundered. Blaine made a stumping tour of the Middle West and was welcomed as few men have ever been. There was no doubt in the minds of either Republicans or Democrats that he had made many votes for himself, and that he had swung the tide in his favor. On his way back East he stopped in Indiana to visit his sister, who was Mother Superior of a Roman Catholic Convent. This called attention to the fact that his mother and sisters were devout Catholics, and was liable to inject a religious issue into the campaign.

Instead of going directly to his home in Maine, Mr. Blaine stopped over in New York City and thereby committed a fatal blunder. He dined with Jay Gould, a fact which the Democrats seized upon to show his intimacy with the Napoleons of Finance in Wall Street. That dinner undoubtedly cost Blaine many votes.

But the climax was reached in the Burchard incident. Mr. Blaine had been accused of so many horrible things that it was thought wise to have a delegation of prominent clergymen call on him to show the country that the Protestant ministers of New York trusted him. Mr. Blaine received the delegation on the grand stairway at the old Fifth Avenue Hotel. The address on the part of the delegation was delivered by Dr. Burchard, an aged Brooklyn preacher. At its close came the fatal phrase in describing the evils against which Blaine stood: "Rum, Romanism, and Rebellion!"

"Rum, Romanism, and Rebellion!" The Democrats took it up on the instant, although Mr. Blaine delayed a whole day in disclaiming sympathy with this speech. There were but two days until election, then, and the disclaimer did not reach the voters. In New York there were certain unscrupulous ward-workers who told the country that Blaine himself had denounced the triple evils of "Rum, Romanism, and Rebellion!"

Despite the frantic efforts of the Republican legions, despite their bitter denunciation of the Democrats, the fatal alliteration got in its work. Many good Catholics who had been persuaded to turn from their Democratic leaning to vote for Blaine changed their minds again and voted the straight Democratic ticket. It was in the days of the ascendancy of the Irish vote in New York.

Either the Conkling defection in Oneida County, the Burchard break, the St. John Prohibition vote, or the Butler vote was sufficient to turn the scale. If any one of these things had not happened, if the vote lost by any one had been saved to the Republicans, Blaine would have been elected. Grover Cleveland never would have been heard of in national affairs. By such trifles, accidents and animosities are the affairs of a republic influenced.

An amusing feature of the reception of the somewhat startling news that a Democrat had been elected President, was the wailing of the ignorant negroes in the South. Republican politicians had taught them that a Democrat President meant an instant return to slavery. The same politicians had promised each negro forty acres and a mule in the event of Republican success. The forty acres and a mule story hadn't come true in the past, but the negroes feared the woe of political prophecy might be true. In some sections it required wise and reasonable leaders and to make them understand that Cleveland would do them no harm.

Mildebrath-Kasten Wedding
A fall wedding was solemnized at three o'clock Wednesday afternoon at the Zion Lutheran parsonage when Miss Anna Mildebrath became the bride of Herman Kasten of Cicero.

Miss Mildebrath wore a dress of blue pussy willow silk with a black picture hat and a corsage bouquet of American beauty roses. The bride's maid, Miss Imogene Schuerle, wore a brown suit with hat to match and also a corsage bouquet of roses. Otto Tank, cousin of the bride, was the best man. After the ceremony, the bride and party went to the home of Mr. and Mrs. Herman Ecker, 690 Pacific street, where a 6:30 o'clock dinner was served to 15 guests. The young people were surprised in the evening by a number of relatives who gave them a shower. Among the guests from out of town were Ernest Tank and Charles Fisk, Amboy, Minn.; Mr. and Mrs. Henry Tank, Walter, Emil and Lena Tank, Harrison.

Mr. and Mrs. Kasten left Thursday morning for Cicero where they will reside on a farm.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this preparation a trial.

NEWS OF INTEREST FROM COUNTY AND STATE

MUST KNOW NATIVE ABILITY OF PUPIL

Educator Believes Proper Tests Will Make Brighter Pupils Forge Ahead.

Madison—The use of intelligence tests to determine whether school children are working at full efficiency was brought before the state conference of city school superintendents in convention here by Dr. W. J. Osborn of the University of Wisconsin. He showed how vital it is that not only the school progress of children be measured but that their native intelligence be ascertained. "Often it is found that children of superior intelligence are being allowed to mark time when they would be better suited by the work of the grade above," he said. "This is frequently not revealed by ordinary tests, because the children are not doing the best work of which they are capable. Knowledge of the relation between mental ability and school progress therefore enables teachers and superintendents to minister to the needs of children much more accurately than can be done without such information."

C. P. Cary, state superintendent of public instruction, opened the annual meeting of the superintendents with an address of welcome. He commended upon the spirit of unity and co-operation which he said characterized the work of the superintendents and said the department is preparing material which will enable various cities to ascertain their strong and weak points.

HORSEHAIR BRUSH CALLED DANGEROUS

Surgeon General Warns That Anthrax Germs Are Carried in Horsehair.

(Special to Post-Crescent)
Madison—In spite of all efforts by the national and state health departments to prevent occurrence of anthrax due to infected shaving brushes, these cases continue to be reported, and according to Surgeon-General H. S. Cumming, "will continue to occur unless the public ceases to buy and use horse-hair brushes for shaving."

Two Wisconsin dealers, in Kenosha and Elton, recently were reported as having shipments of brushes from a Chicago house from which an infected brush had gone to an Illinois dealer with fatal results for one buyer. The Wisconsin dealers were at once notified by Dr. C. A. Harper, state health officer, to withdraw their stocks from the market.

Expert opinion on this subject holds that shaving brush anthrax is only contracted when the brush is made of horse-hair and congress at the next session will be asked to prohibit the use of horse-hair in shaving brushes.

"In regard to the horse-hair shaving brushes which are now in trade channels and some of which are presumably infected," Dr. Cumming stated in a letter to the Wisconsin health department, "it is doubtful if any effective measure can be taken by health officials except a direct appeal to the public not to buy nor use horse-hair shaving brushes. Such an appeal is the only remedy to obviate the potential danger from these brushes pending additional legislation."

SUNDAY, OCTOBER 10

Because of its great advancement in industry Appleton was chosen by The Journal as the subject of the principal feature for Sunday, October 10.

Appleton has made a name for itself in the industrial world—especially in the development and use of electrical power for its industrial requirements.

Do you know? That the first electric generating plant was built in Appleton. That it had the first electric railway—the first electric flash signs—the first dwelling heated by electricity.

ST. NORBERT TO ASK \$175,000 FROM CITIES

De Pere—De Pere's quota of the \$300,000 for the new science hall for St. Norbert's college has been raised, according to an announcement made last night by members of the general and congregational committees who met at the college last night to go over the reports for the campaign. Although several subscription blanks have not been turned in as yet, it is due to the fact that the persons holding them are out of the city. As they have signed their intention of donating toward the fund, the committee has accepted the reports, and has stated that the entire \$25,000 has been raised.

At the opening of the local drive two weeks ago, members of the faculty of the college announced that \$100,000 had already been donated toward the fund by patrons of the school. With the amount raised here, there is now \$125,000 available to start work with. The remaining \$175,000 will be raised among patrons of the school and various Wisconsin cities interested in its work.

Members of the committees are entirely satisfied with the success of the drive and all of them have expressed gratitude for the excellent cooperation that they met with at the hands of every resident of the city.

INSISTS HE IS NOT 'SCREEN' BANDIT

Milwaukee Captive Admits He Stole, But Is Not Mysterious Intruder.

Milwaukee—Confession to three burglaries, and the recovery of more than \$1,000 worth of stolen jewelry was obtained by the police from Eric Lundblad, alias Albert Lind, who has been held since Saturday as a suspect in connection with the recent "screen" burglaries.

Lundblad, who until Wednesday stoutly refused to divulge any information that would connect him with any of the burglaries, took a sudden turn of attitude and admitted to Capt. Sullivan that he had robbed the homes of Dr. W. C. LeCron, 444 Kenilworth place; Mrs. F. C. Ellis, 693 Marrietta avenue, and Markus Heinemann, 531 Lake drive.

He also divulged the location of his room at 1212 Wells street where detectives found the stolen jewelry.

Lundblad has a wife and daughter living in Lynn, Mass., he said.

"I am not much of a husband and father, and have spent a good share of the last ten years 'doing time,' but just the same I love both of them deeply, and it is only for their sake that I am sorry I got into this scrape."

In his first story to the police, Lundblad protested that it was a search for the daughter, whom he stated that he had not seen in several years, that had brought him here.

On one point, however, Lundblad remained firm. He insists he is not the "screen" burglar.

DEBATE STUDENTS OF COLLEGE HEAR TALKS

Ben Bohan, principal of the Lincoln school, addressed the forenoon board of Lawrence College, and the students who were interested in debate and oratory, at a meeting in Prof. Orr's room Wednesday afternoon. Dr. Wilson S. Naylor spoke on the national honorary forensic fraternity, Tau Kappa Alpha, and Prof. W. Orr concluded the program with a talk on "Debate and Oratory." An orchestra furnished music for the party, followed by refreshments.

"Captain Peg, of Stanford, Ont., Canada, has also been invited to come here for the meetings. He is an able and gifted song leader, a business man and an accomplished musician. He will have charge of the musical side of the meetings. The captain was a member of the famous Princess Pat regiment of the British army, and was one of the few survivors of a gas attack on the Somme.

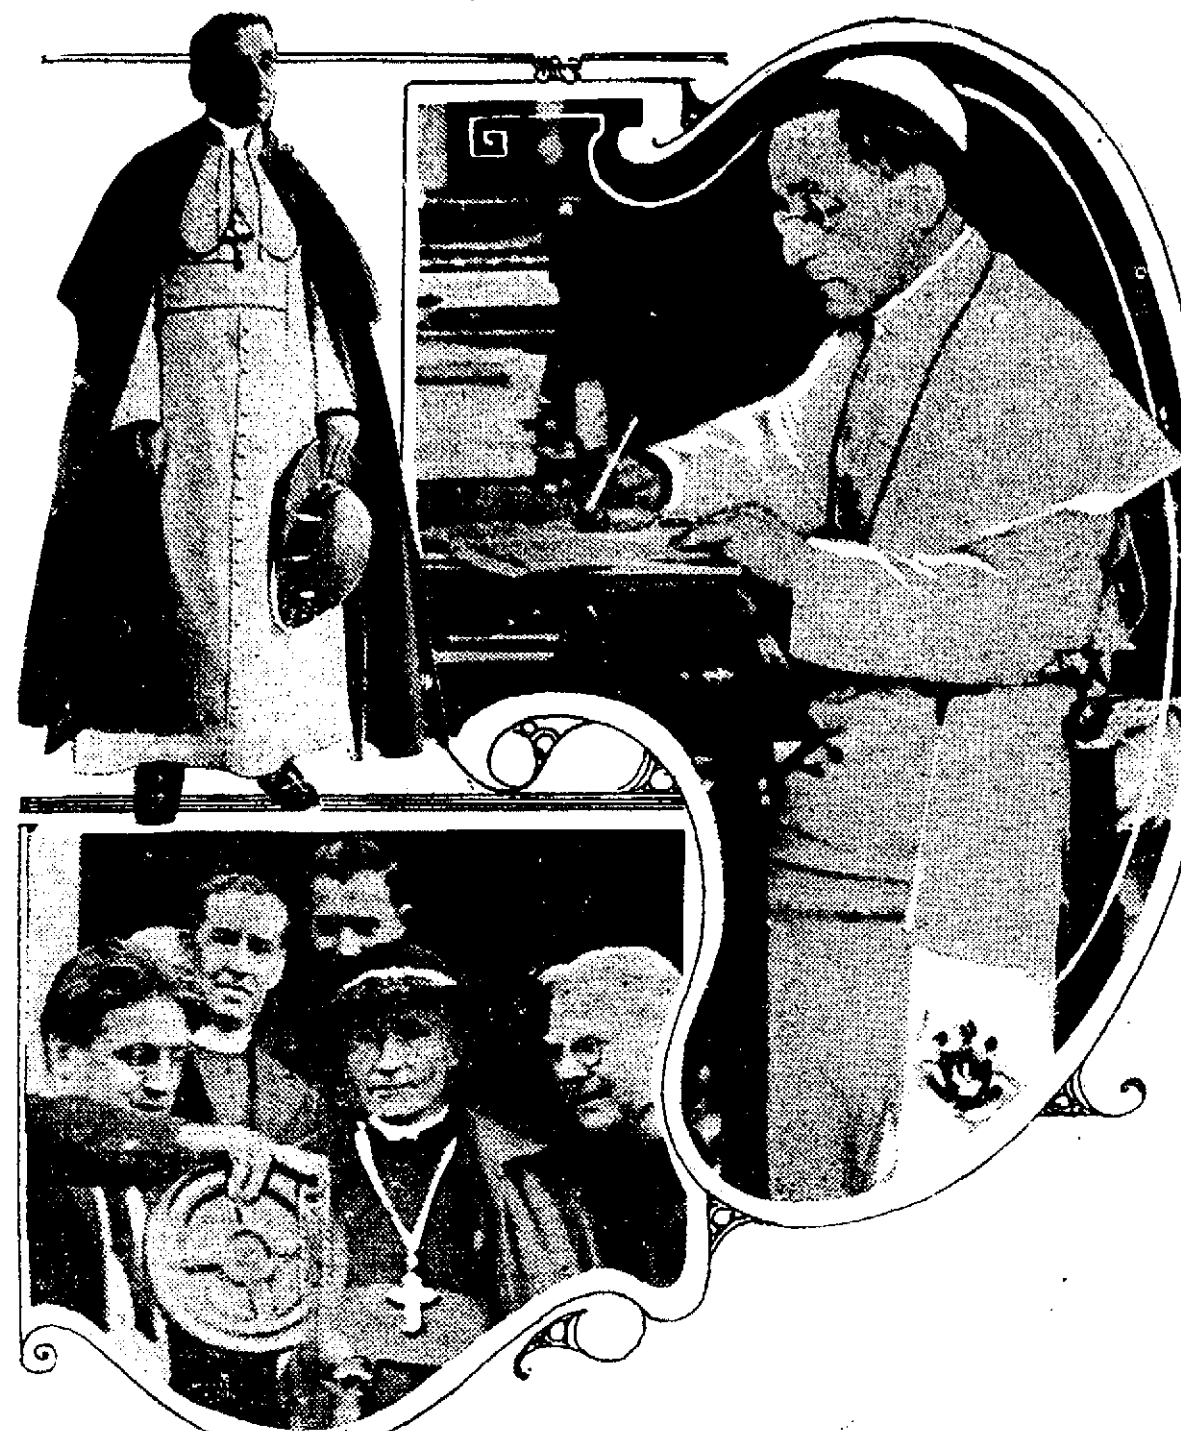

Mr. Shannon and Mr. Higginbotham are described as men who were converts from a degraded life and left their worldly ways to preach the gospel. Their messages are backed by the hard experiences of rugged lives, yet they are said to have the tact and gentleness that makes them capable of presenting the Gospel in an effective way.

Both men did outstanding service in the Y. M. C. A. during the war. They carry a splendid testimonial from S. F. Shattuck, Neenah, who became acquainted with them while in war work. He states that they "put in plain language man's right relation to his Maker and press the issue home in a way that is hard for honest men to dodge."

Meetings are to be held each evening starting at 7:30 o'clock, on the second floor of the Y. M. C. A. building. A daily schedule of shop meetings has been planned, and special meetings have also been arranged for high school boys and male college students. The meetings will be entirely for men.

The two speakers recently completed a series of successful meetings at the Presbyterian church, Neenah.

K. C. PILGRIMS, GET PICTURES OF THE POPE

New York.—The two pictures at the top are new photos of Pope Benedict, just brought back from Rome by Knights of Columbus pilgrims. The one in the upper right shows the pope at his desk in the Vatican. The one

in the upper left shows His Holiness walking in the Vatican gardens. In the lower picture Cardinal Gibbons is viewing the film of the pope brought back by the Knights of Columbus. The Cardinal had just seen the film on the

screen in a Baltimore theater. It was the second movie he has witnessed. The other moving picture Cardinal Gibbons has seen, was of himself with Cardinal Merivier during the latter's visit to America.

SALES TRAINING GIVEN ATTENTION

Chamber of Commerce Working on Problem of Instructing Salespeople.

(By Hugh G. Corbett)
Three fifths of our men and women employed in commercial pursuits in towns and cities are to be found in stores. Until recently it has never occurred to any one that we might use the night schools, vocational schools, university and university extension courses to train men and women for merchandising leadership in the great army of distribution.
All the educational attention given to fitting people for commercial life has been concentrated on the commercial side. Armies of bookkeepers and stenographers have been trained, but in selling, nobody did anything to improve this far larger and more lucrative field of activity. More people work in stores than in any other occupation, yet selling, so far as educational training goes, has been practically neglected. The reason for this is that business men have not demanded it. Merchants will spend money to improve every department connected with their store, but the one that leads to the sales counter, where they spend their money they are strong. Where they take it in, they are weak, yet selling is the final expression of the merchant's purpose and function.
Merchants are beginning to see this and are turning to our schools and colleges for help in the solution of their sales problems. Already some of the largest institutions of our country have taken up the work. In Appleton a committee of the retail bureau of the chamber of commerce with the assistance of Director Ford of the Vocational School, is planning to organize a course in distribution for the retail trades. This course has not yet been outlined, or how the salespeople are to be admitted to it, but the committee has a definite idea as to the course of instruction to be pursued. They feel that the "hit-or-miss" "take-a-chance" period is passing, and distribution is becoming a definite common sense science with positive laws and principles.
Modern merchandising embraces a variety of subjects which must be mastered before sales people can become competent distributors. Such subjects as store organization, business psychology, sociology, ethics, logic, rhetoric, business hygiene and test technique. The educational and scientific point of view in relation to human activities is also an important factor.
The far reaching educational possibilities of a well planned course in retail merchandising is only limited by a lack of knowing where to secure the proper instruction, and the committee is now busy on that problem. As a whole it may be stated that the retail bureau's committee on merchandising intends to put science and scientific training into merchandising, so that distribution will be presented as a social and economic service of benefit to the salesperson and consumer alike.

FIVE APPLETON MEN JOIN ARMY

John A. Mullin Enlists to Complete Course Started in Technical School.

Ernest A. Fohrman, Emil Teeter, Joseph Barrette, Oscar G. Coulon and John A. Mullin, have enlisted in the United States Army for a period of one year and were sent by Captain Harris, local recruiting officer, to Camp Lewis, Washington.
Fohrman and Teeter, enrolled in the motor mechanics school; Barrette and Coulon in the tractor school and Mullin in the electric school. Mullin attended Crane Technical school of Chicago for two years and when he applied for enlistment he told Captain Harris that he was going not only for the trip to the great northwest but that he had after careful consideration selected the army school to furnish his education for reason of the physical development and practical work that he was in connection with his course and also to be able to go to school and get paid for going. He expects to finish the complete electric course.

ARRANGE ATTRACTIVE PROGRAM FOR OPENING

A moving picture "Bah's Diary," is to be shown Friday evening at the First Congregational church as a part of the opening program for community night. A comic reel will also be shown.
Community singing and a brief organ recital by Miss Doris Brenner will make up the musical side of the program. Children are to be admitted if accompanied by an adult, with the idea of making the gathering as much of a family affair as possible.

STEPHENSVILLE MAN IS AWARDED DIVORCE

Philip Schwahn of Stephenville was granted a divorce from his wife, Augusta Schwahn, in municipal court Thursday morning on the grounds of desertion. His wife left him three years ago and the divorce was awarded by default. The couple has several grown up children.

WOMEN OF NATION VOTE FOR HARDING

Rexall Returns Show That They
Furnish One-fourth Voting Strength.

The women of the nation are giving the bulk of their support to Senator Harding in the presidential campaign, according to the latest national returns received by the Dowling drug store in the Rexall chain. They are casting only about one-fourth of the total vote. Harding still maintains a substantial lead over Gov. Cox, but it is no longer a two to one lead.

Out of the total of 48,108 votes cast, Harding has 264,214 and Cox 173,334. The northern, western and middle western states give Harding twice the votes of Cox. The latter, former and 106,766 for the latter. Cox continues to dominate Harding in the south. He has 67,128 against Harding's 42,546.

The total men's vote for Harding is 193,006; Cox, 133,943. The women's vote is, Harding, 66,208; Cox 39,951. The total male vote is 331,949 and the women's 106,155.

Two states have passed from Harding's hold to Cox's since the last report was issued. Delaware gives Cox 535; Harding, 501. West Virginia, Cox 5,399; Harding, 4,951. Maryland has turned from Cox to Harding, with 1,616 for Harding and 1,561 for Cox.

The vote in Wisconsin and neighboring states stands: Wisconsin, Harding, 1101; Cox, 241; Michigan, Harding, 9,200; Cox, 3,369; Illinois, Harding, 19,539; Cox, 8,177; Iowa, Harding, 5,947; Cox, 2,506; Minnesota, Harding, 7,740; Cox, 2,462.

The electoral vote to date stands, Harding, 353; Cox, 178; Total, 531.

AT LEAST THE NAMES OF THE TWO ARE ALIKE

Plenty of humorous comment goes the rounds in Appleton about the presidential candidates, or about things associated with their names. Seeing the name of Cox signed to the daily telegram coming to the postoffice with the weather report, a man remarked: "Cox must be a pretty busy man. Besides running a newspaper he gives out the weather reports every day."

FINDINGS IN COMMUNITY SURVEY TO BE STUDIED

Several important meetings are to be held Friday in connection with the return of the community study report from the central division of the Red Cross at Chicago.

The recreation committee will meet with Miss Verna Elsing, survey director, at 10 o'clock Friday morning in the directors' room of the Y. M. C. A.

The general survey committee is to meet Friday afternoon at the home service office to go over the findings with Miss Elsing.

A meeting of the board of directors of the Outagamie Red Cross chapter is to be held at 7:30 o'clock at the health center.

Most of these meetings will be devoted to the proposed program of work which will be made up from the survey reports. The needs of the county will be analyzed and the welfare movements most needed put under way.

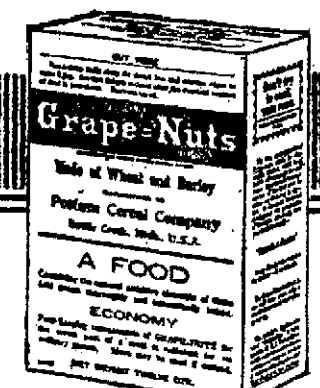

THREE NEW AIR ROUTES BY MAIL ESTABLISHED

Three new air mail routes have been established by the postoffice department, according to notice received here. They cover principal cities in the east. The contracts start November 15, 1920 and are to be in effect for one year.

One route of 600 miles goes from Pittsburgh, Pa., through Columbus, and Cincinnati, Ohio and Indianapolis, Ind., to St. Louis, Mo. The planes on each route carry 1,500 pounds of mail each way.

A second route goes from New York to Harrisburg, Pa., then through Pittsburgh, Pa., and Fort Wayne, Ind. to Chicago, covering 735 miles.

The third route also starts at New York, goes through Washington, D. C., Raleigh and Columbia, S. C., and ends up at Atlanta, Ga., a distance of 315 miles in all. Complete schedules are on file at the postoffice.

40 PRIESTS TAKE PART IN FUNERAL OF FR. MORRISSEY

Archbishop Messmer Reads
Pontifical Requiem Mass
in St. Mary Church

K. C. MAINTAINS VIGIL

Honorary Pallbearers for Former Resident Are Appleton Men.

With more than 40 priests in attendance, funeral services for the late Very Rev. John Morrissey, who died in Milwaukee Monday night, were held in St. Mary church Friday morning. His grace, Sebastian G. Messmer, archbishop

of Milwaukee, sang the pontifical requiem mass which followed devotion for the dead starting at nine o'clock. The body, escorted by members of Appleton assembly, fourth degree Knights of Columbus, and hundreds of Appleton people, was taken to its final resting place in St. Mary cemetery.

The body of the prelate arrived in Appleton at 9:12 o'clock Thursday evening, accompanied by a committee from St. Patrick congregation, Milwaukee, of which the deceased was pastor, about a dozen priests and the archbishop. It was met at the depot by a number of Appleton Knights of Columbus among whom were six honorary pallbearers, members of fourth degree assembly. They were Dr. C. E. Ryan, Henry Reuter, Thomas Flanagan, Karl Schuetter, F. J. Rooney and P. H. Ryan.

Members of the order maintained an all night vigil in St. Mary church.

Devotions started at nine o'clock, followed by the pontifical requiem mass a half hour later. Archbishop Messmer was assisted in the service by the Rev. Stewart McDonnell, Chicago, as assistant priest; Father Michael Clifford, Oshkosh, deacon; Father

G. Koeterman, Milwaukee, sub deacon; Father O'Hearn, Milwaukee, and Father Adam Grill, Appleton, masters of ceremonies. In addition about 30 other priests were in the sanctuary and participated in the service.

The funeral eulogy was pronounced by the Rev. Father Naughton of Racine.

Active pallbearers were members of St. Patrick congregation. Honorary pallbearers who escorted the body to the cemetery were Thomas H. Ryan, P. H. Ryan, Henry Reuter, Thomas Flanagan, F. J. Rooney and Dr. E.

FOOD PRICES DROP IN MILWAUKEE TODAY

By United Press Leased Wire

Milwaukee—Some food prices hit the toboggan here today.

Sugar, flour, fruits and vegetables dropped. Sugar is sold in some stores at 14 cents a pound and coffee is down from five to ten cents. Flour is lower than it has been since 1917 and there was a general drop of half a cent in the price of cheese yesterday. In some restaurants a decline is noted.

Mock Trial in Chapel

The freshmen class at Lawrence College entertained the student body at chapel Friday morning with a mock trial. Albert Miller was accused and arrested for dancing at Waverly Beach, Sunday evening. A jury composed of his class mates found him "guilty" of the charge, and the "judge" sentenced him to four years of Brokam Hall breakfast.

THE BOOK OF DEBORAH

In My Dream I Find the Face I Love—My Husband's.

"I mean what I said. We must have peace. To get it, we must not discuss any woman whose name can throw you into a tantrum." Bob continued.

"Oh! la! la!" I raged. "You mean! You conclude that a woman's heart is peaceful if her tongue is still. Whatever a man does is all right in a man's eyes if only he can keep the woman who is hurt from talking about it!"

"You never used to storm like this, Jane."

"I never used to have cause to be jealous!" I raved. Then a bit of my wisdom dazzled me and I flung it at Bob's head:

"If a man of a certain kind quarrels with his wife, he feels quite at liberty to turn to another woman to assuage his loneliness! That's the old—and still the modern trick—in drama, fiction and poetry! I never, never have dreamed that it would be part of my own experience!" I wailed.

"Well, doesn't woman do the same thing in drama—poetry—fiction?"

"She does in the books—but she does not in nature! I've discovered that the writers are all wrong! A woman who loves a man and quarrels with him cannot endure the presence and the attentions of another man! She has some kind of a revulsion against all men. She goes and sits in the ashes like Cinderella—and she distinctly does not want to speak to a man." I raved on.

"Jane, you have my permission to talk with any man exactly as I and Katherine Miller talk," said Bob calmly.

"Thank you!" I exclaimed in my most tragic tones. Then I darted away from Bob's side and ran home, and went up to my room, and locked my door. Presently, upon reflection, I repeated and unlocked it.

I had a dreadful dream that night. I dreamed that I was living forty days in the wilderness. I was in a wilderness of people. I was in a great city where every face was strange and I was hunting—hunting for a face I loved. Whose face it was I did not know and I was terribly afraid that I might fail to recognize it, and that it would pass out of my sight forever. And I knew that I might better die than never see that face again!

After what seemed days of anxiety, I found myself moaning by the side of Bob's bed. He was clutching me, shaking me gently, pleading with me: "Jane! Wake up! Jane—are you sick?"

"No! I'm not!" I said when I came to my senses. I sat down on the edge of his bed and thought a long time about my dream. I knew, now that I was awake, that I had been hunting for my husband's face in the crowd. And if I had had the sense to tell Bob so, there and then, I might have saved myself and my husband many bitter hours. Instead, I said rather savagely:

"I've been hunting—in a dream, for that man you gave me permission to talk to!" Then I got up and went back to my own room, but before closing the door, I flung back this defiantly:

"Maybe you'd like to know that I found him!"

And I covered my aching head and had a good cry! And Bob never offered a word of sympathy or comfort! (To Be Continued.)

ST. PAUL RECREATION CLUB TO REORGANIZE

Reorganization of the Recreation club of St. Paul Lutheran church will take place at a meeting called for 7:30 o'clock Monday evening at St. Paul school. The club intends to make up a series of volley ball teams and arrange a winter schedule along the same lines as last year. Officers will be elected and other matters concerning the church's athletic activities for the year discussed. A full attendance of former members is expected.

WOMAN'S CLUB HAS A CASE; NOW WANTS BOOKS

A new book case has been purchased and installed in the club rooms of The Woman's Club. The piece of furniture is very ornamental but the secretaries would like to see it useful as well. The shelves are now bare, giving the case an air of "nobody home." It has been suggested that a few books would dress it up considerably. Current magazines, books and games will be gratefully received.

STANDS OFF A LOT OF DOCTOR BILLS

Recommends Pe-ru-na for Catarrh of the Stomach, Colds and Grip

"I have used Pe-ru-na for several years and can heartily recommend it for catarrh of the stomach or other ailments. It always gets benefit from it for colds and grip. It stands off lots of doctor bills and makes one feel like a new person."

S. F. SUTTLER, R. F. D. No. 3, Box 31, Waynesburg, Kentucky.

It is wise to keep a bottle of Pe-ru-na in the house for emergencies. Coughs and colds may usually be relieved by a few doses of Pe-ru-na taken in time. Nasal catarrh, indigestion, constipation, diarrhoea, rheumatism of other troubles due to a catarrhal condition of the mucous membranes all call for Pe-ru-na as the successful treatment. The health building, strength restoring qualities of this well known remedy are especially marked after a protracted sickness, the grip or Spanish Flu.

PE-RU-NA is justly proud of its record of fifty years as health protector for the whole family.

For Your Health's Sake Drink Pasteurized Milk

BEGINNING today order twice as much milk as you have been getting. But be sure that it is pasteurized. In no other way can you buy more health and at the same time save money.

The average family must cut down the food bills. Why not, then, buy milk at a low price rather than some other foods at exorbitant prices?

One quart of milk equals:--

- 8 eggs
- 3 lbs. fresh codfish
- 3-5 lb. of ham
- 2 lbs. of chicken
- 3-4 lb. of round steak
- 4-5 lb. of pork chops.

When people come to properly understand the real food values in milk there will be much more of it used.

We want to impress upon you especially that our milk is pure milk, and has that perfect flavor that makes milk-drinking a pleasure. It is produced and delivered to you under absolutely sanitary conditions.

RABBIT HUNTER MEETS DEATH FROM SHOTGUN

Milwaukee—While hunting for rabbits a mile south of the Racine county line, Joseph Smolinski, 18 years old, 1299 Fifth avenue, was killed instantly on Tuesday by the accidental discharge of a shotgun. The charge entered his head.

According to two of his companions, Joseph Wozniak, 1139 Midland avenue, and Peter Mazuskiewicz, 1351 Midland avenue, Smolinski attempted to start a rabbit hiding under a pile of brush with the butt of his gun. As he was leaning over the barrel the gun was discharged.

Smolinski was hurried to St. Mary's hospital, Racine, where he was pronounced dead. The body was later removed to his home in Milwaukee.

BIG ULCER ALL HEALED

"Now I Can Walk," Says Mrs. Southcott of Medina

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a big hearted rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all drugists for 25 cents a large box."

Read this letter, written February 14, 1918, by Mrs. Albert Southcott, of Medina, N. Y. It seems like a miracle, but it is true, every word of it.

I know it because I get similar letters almost every day from people who have used my ointment for old sores, eczema and piles.

Is it any wonder I am happy? Peterson Ointment Co., Inc., Buffalo, N. Y.

Dear Sirs:—

"I was an untold sufferer from an old running sore and ulcers. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just nine dollars worth of the salve I am cured. The ulcer was 3 inches by 4 inches, is all healed and I can walk. Never, never will I be without Peterson's ointment."

"You may use this to recommend your ointment if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Medina, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y. adv.

THIEVES STEAL GARDEN PRODUCTS WITH "KICK"

Watertown—Prohibition makes strange situations, said Dr. F. C. Haney, city health officer, when he discovered that all the grapes and red peppers had been stolen from his garden during the night. The theft is one of a series in which gardens and vineyards have been stripped of everything in the fruit and vegetable line which might have an appetizing kick

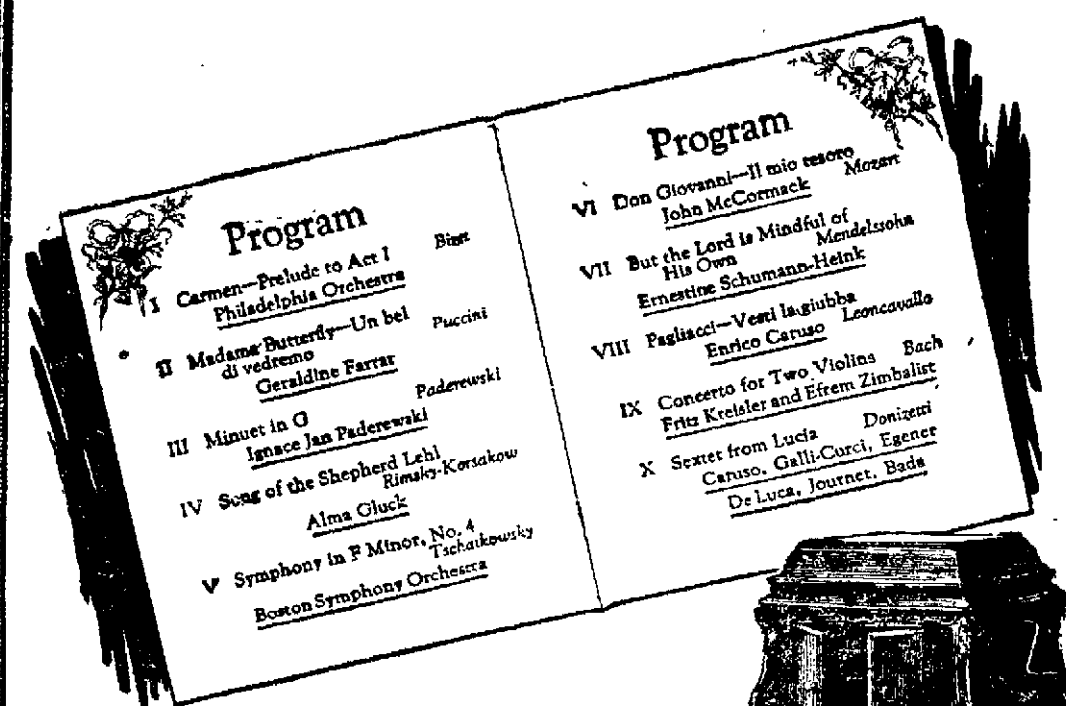

after fermentation. Nearly 100 bushels of grapes were "lifted" at one place, and at the home of Robert Goshke, Dodge street, thieves were frightened away after the Goshkes had seen the prowlers working in their garden with flashlights. In a number of cases the basements of homes have been entered and canned fruits and "dry" wines have been added to the booty of the thieves. Patrons of "Bacchus" are talking of a vigilance committee and arming themselves against thefts.

Build Silos
Three new silos were erected the past few days in the town of Freedom, and all of them are already partly filled with the winter's supply of fodder. They are owned by Fred Brockmann, John Eggert and Otto Springstroh.

M. L. Duncan of Chicago, was in the city on business Thursday.

George Carley is spending a few days in Milwaukee on business.

Look at this for a program!

It is possible on the Victrola only! For only with Victor Records on the Victrola do you get the subtle shades of color, tone, and interpretation which means pre-eminence. When you hear Victor Records played on the Victrola, you hear precisely what each artist heard and approved as his or her own work. Any other combination must necessarily be less than the best. Be sure you get a Victrola.

YOU certainly want to save money, and you would like to have better bakings.

Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings—and lower baking costs.

Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality.

It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

RAISES THE QUALITY—LOWERS THE COST
OF ALL BAKINGS

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Cream Cake

Recipe—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/4 cup butter, 1/4 cups granulated sugar, Yolks of 3 eggs, 1/4 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

KINSMAN PICTURES MAJOR PLATFORMS

Women Hear Instructive Address on Politics at Meeting Wednesday.

"A political platform is a thing to get in on," declared Prof. D. O. Kinsman in an address before the civic department of the Woman's Club Wednesday afternoon. "To most people the platforms seem somewhat indefinite and weighted down with non-essentials, but in reality they are devices for catching votes. The platforms are influenced greatly by the great independent vote of the United States. In former years, one who did not always vote with the same party was considered a mugwump, but today there is a vast voting body which is independent of parties."

"The great issue of this campaign is the league of nations. The league is an organization consisting of a council composed of representatives from nine nations, an assembly composed of representatives of all nations and a secretary general to be the recording secretary. There is no way in which any measure can pass the league of nations unless every delegate votes for it. The purpose of the league is to maintain peace and to reduce war to the minimum. The issue of the league consists of nationalism on one hand and internationalism on the other."

"The republican party denounces the league of nations, believing it to be opposed to the highest interests of the United States. The party is, however, in favor of some international court. The democrats favor the league as the surest, if not the only way of terminating war and bringing peace to the world. Their platform endorses the president's firm stand. This party declares that we don't want to enter the league as a special privileged nation."

"The republicans have a strong nationalistic philosophy while the democrats have an internationalistic platform."

The latter say that the great discoveries and inventions have been made relative to the production of raw materials. Many of the great discoveries and inventions have also been made in the field of transportation, and have made us neighbors to the European countries.

"There is always the question of whether the president is the executive, or the senate as the administrative body has the most power. If Mr. Wilson had taken some of the senators with him to Europe, we would have been in the League," according to Prof. Kinsman.

"With regard to the situation in Armenia, the republicans oppose a mandate, and the democrats favor aid to that country. Both parties favor protecting American interests in Mexico. The republicans declare they will recognize the government there when it is able to maintain itself. The democrats offer to recognize the Mexican government when it can maintain law and order and is willing to recognize international obligations and protect American interests."

"The republicans are willing to protect the rights of capital and urge banks to give credit to essential interests. The democrats, on the other hand, lay the emphasis on labor rather than capital."

"The former party declares that the government should use its influence to reduce strikes, because they cause loss and harm to communities. Especially does it oppose strikes on public utilities, such as street cars, and proposes arbitration instead. It opposes any strike by any employee of the government."

"The democrats oppose compulsory arbitration in private industry and also the right of government employees to strike. Labor should be protected and greater cooperation between capital and labor encouraged."

"Both parties favor private ownership of the railroads, and the enlarging of the shipping facilities," concluded Prof. Kinsman.

KAUKAUNA GRIDDERS TO PLAY MENASHA ELEVEN

The Kaukauna American Legion team will get into its second battle of the year Sunday afternoon when it stacks up against a Menasha eleven at Kaukauna. Kaukauna was badly defeated by the Green Bay Packers at Green Bay last Sunday but the men were not disheartened because they entered into the game with but little practice while the Baymen had been working out for several weeks. In addition the Green Bay team is much heavier and is made up of some of the best football men in the middle west.

Green Bay will play the Stambaugh Mich. team at Green Bay next Sunday. The Packers defeated the Wolverines a year ago.

CHANGE SCHEDULE OF GIRLS' CLASSES

Form Two Classes Because of Heavy Enrollment in Recreation Department.

Another change of schedule has been made necessary for the recreation department of the Woman's Club, which will affect the Thursday classes only. It was originally planned to have one class at 7:15 o'clock Thursday evening in folk and aesthetic dancing but when enrollment of this section reached 66, a new class was found imperative. The second class is scheduled for

eight o'clock. All people whose names are not mentioned in this roll for the later class, and who registered are still scheduled for the 7:15 class. The registration is as follows: Hazel Krickel, Genevieve Kober, Verone Maurer, Mae Bartmann, Tina Bartmann, Edna Spears, Amelia Umland, Florence Kranhold, Irene Boettcher, Jo Cornell, Anna Boelson, Agnes Nugabauer, Irene and Esther Heles, Clementine Otto, Melva Hertzfeld, Leola and Anna Diminski, Lorene Reinke, Mabel and Emma Springer, Gene Carroll, Amelia Huth, Anita Belling, Marie Striddle, Esther Ashman, Matilde Dorn, Miss A. Ritter, Mrs. W. M. Singer, Nona Gerlach, Elsie and Edna Storm, Esthelne and Gerdene Chamberlain, Hannah Rosenthal, Marie Picare, Dorothy and Genevieve Vander Linden, Ruth Gilman, and Gladys DeLong. If any of the girls find that an adjustment in time is necessary, Miss

Chamber of Commerce Committee Goes to Oshkosh to Ask Co-operation.

A special committee consisting of Joseph Plank, chairman, Mayor J. A. Hawes, O. F. Weisgerber, city engineer, John R. Diederich, T. W. Orbison and Secretary Hugh G. Corbett, of the chamber of commerce, left Friday morning for Oshkosh by automobile. They will confer with James Binning, highway commission, and the members of the road and bridge committee of Winnebago county regarding the repairs and surfacing of the Lake road. This highway has been heavily used all summer by tourists in preference to the concrete highway from Menasha because of its attractive scenery. A large number of cottage owners along the lake also drive over it continually. The chamber is therefore using its influence to have the projecting stones removed and the road properly sur-

Constance Johnson will be ready to arrange it. The social dancing class which was scheduled for eight o'clock Thursday evening, has been changed to 8:45 o'clock. The rules are that any two unexcused absences during a term, automatically drops the name of the offender from the roll. The department aims to encourage responsibility among the girls. The classes will be conducted with the same discipline as regular school classes, and the same results are expected from the work. A demonstration will be given at the end of the first term, in which contests between the Monday and Wednesday gymnasium classes will figure.

20 APPLETON MEN AT BANK MEETING

John J. Sherman Describes Conditions in Europe at Seymour Meeting.

About 20 Appleton bankers attended the meeting of the Outagamie County Bankers association Thursday evening at Seymour, making the trip by automobile. Dinner was served at the Falk hotel to 61 guests. John J. Sherman, president of the Citizens National bank, was one of the speakers, relating his impressions and experiences on the recent European tour with other Wisconsin bankers. Mr. Sherman told about the money conditions in Europe, telling how hard it was to get money. He also related many interesting facts about European banking methods. The scenes and impressions gained from the journey to the war sector were vividly portrayed in his descriptions. C. D. Towsley, assistant cashier of the Bank of Kaukauna, also spoke, telling about "Banking Cooperation in a Small Town." His address gave many valuable suggestions as to how banks could work together for their common interests, and how they could extend their patronage through cordial service. The bankers passed a resolution of condolence to the family of the late Frank Becker, Kaukauna banker who died a short time ago. Charles R. Prosser, Seymour, president of the association, presided.

Three counties, Outagamie, Calumet and Winnebago are included in the territory covered by the highway, and the cooperation of all three is needed to bring about the needed repairs. Four members of the community welfare committee, including John Hettinger, chairman, P. H. Ryan, A. H. Krugmeier and Dr. A. E. Reclor will go to Oshkosh Friday afternoon to view the parks and obtain some ideas along that line for Appleton. They will be joined by Mayor Hawes, Engineer Weisgerber and Secretary Corbett, who will also function on this committee. Members of the park commission at Oshkosh will meet the committee at the Association of Commerce office.

M. P. Weny of Allegan, Mich. was here Thursday to take possession of his automobile, which was recovered by the Appleton police.

SECURE TEACHER FOR NEW GIRLS' GLEE CLUB

Miss Eleanor Snyder, teacher of music in the third district schools, has been secured by the recreation department of the Woman's Club to conduct the girls' glee club. Miss Snyder has had experience in this type of work and is directing the choir of St. Mary church at the present time. The club will meet for rehearsals regularly at 8:15 o'clock Thursday evenings in the auditorium of the Appleton high school. At the first rehearsal, fifteen girls signed up. About fifteen more are needed to round out the organization. The club plans to appear in public frequently and a very attractive program is anticipated for the winter. Miss Mary O'Leary is accompanying the chorus.

LAWRENCE MAN SECOND IN SCHOLARSHIP RACE

L. Keevil Larson, graduate of Lawrence College 20, was awarded second place in the Cecil John Rhodes scholarship contest. Clyde Emery, University of Wisconsin, won the first honors. The decision was made at Madison, by the following committee: Pres. E. A. Birge, Prof. J. H. Wilson, Prof. A. J. Elie, of the University of Wisconsin; Prof. W. F. Raney, Lawrence College, A. B. Doe, Milwaukee; E. Lyman, Jr., Northwestern University. Mrs. Herman Reel and three sons of Milwaukee are visiting Mrs. Reel's parents, Mr. and Mrs. Joseph Ullman, Durkee street.

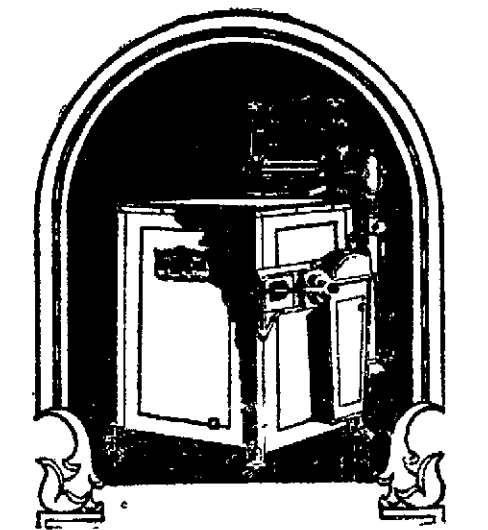

FOREST AND MARSH FIRES DECREASING

Fires along the Oneida-Seymour concrete road have almost burned themselves out, according to information from that region. Marshes and wood land along the highway had been burning for several days and at one time the conflagration assumed serious proportions. Fires are still burning north of Green Bay and in the Keshena region, travelers say, but they are not serious. Farmers worked valiantly for several days beating down the flames keeping them from destroying farm property. Call for Mike Steinhauer transfer line for parcel and all kinds of delivery. Phone 147.

THREE GOVERNORS WANT RECOGNITION OF MEXICO

El Paso, Texas—Governors of Texas, Arizona and New Mexico, were on record today as favoring recognition of the new Mexican government. "Mexico has re-won the confidence of the United States," governor Hobbs, Texas, declared at a banquet last night in honor of Gen. Obregon, president elect of the southern republic. "I want Texas and Mexico to be the Mutt and Jeff of the western hemisphere; I want them to be pals." Hobbs' desire for formal recognition of the De la Huerta government was echoed by Governors Larralde, of New Mexico, and Campbell, of Arizona.

ELECTRIC WASHER

IN a tub of sudsy water the soiled things are lifted, dipped, squeezed and rinsed, by some electric washers. Other electric washers rock the washable fabrics to and fro, tossing them back and forth with the sudsy water to loosen the dirt.

Each type has its advocates.

But the A-B-C Super-Electric combines the two methods! This individual feature of continuously alternating the two best ways of washing clothes, giving you the advantages of both in one washer, ends discussion as to which is preferable. Both are effective. In the A-B-C Super-Electric you get both!

And you get this by means of a mechanism that is noted afar for its sturdy simplicity. The outward evidence is the lack of jar, shaking, racking and noise when it is washing.

SMITH QUAKED BUT MATES HELPED HIM

Series Pitchers Unable to Locate Plate in Third Title Game.

(By L. R. Plamondon)

By United Press Leased Wire

New York—That great but not excessively silent American majority—the Smith family—could rejoice to day. Cousin Sherry Smith of Brooklyn shipped his team into the world series lead yesterday when he left-handed Cleveland a 2 to 1 defeat.

Cousin Sherry and his team were entitled to win. Their defense was a trifle better and their offense decidedly better.

Take repeated pitching by Cleveland mix here by Zack Wheat and his mates and season with one good break and the Brooklyn victory is conceded.

Duster Mails had more bad ones than a century. He sailed out with plenty of speed but he sailing evidently was under secret orders—destination unknown.

With the pitchers inclined to wildness, the side showed a disposition to rush the attack. The main power was to wear them out. The pitcher kept men on the plate a great deal of the time but when he came back to the mound to throw a ball, he was only slightly more than nothing going.

Mails probably looked more brilliant than the others when he was putting the ball where he wanted it. Smith was waiting a great deal of the time but he was willing to let the Indians take a cut at the ball. The fact that Konecny had 17 previous at-bats

The infield had eight assists shows. Smith had enough on the ball to prevent long hits. The detailed pitching record showed a lot of wasted balls. Cleveland served up 7 strikes and 10 balls in one third inning. Made 11 strikes and 38 balls in six and two third innings. Smith pitched 107 balls, forty of them had ones and 37 of them strikes that went past the batter.

HUNTER PAYS DEARLY FOR TWO PARTRIDGES

Wausau—Louis Mootz of the town of Hamburg was arrested on a charge of illegal hunting of partridges. Condemned to pay a fine of \$100.00. Mootz and Mike Kleis confiscated his automobile which carried the same a rifle and a shotgun. Mootz paid a fine of \$50 and an added penalty of \$5 for each of the two partridges killed. Adolph Krueger of Athens paid a fine of \$50 for illegal hunting.

Dr. T. S. Reeve is in Chicago on business.

Heroes of Brooklyn's Second Series Victory

Sherry Smith, veteran Dodger hurler and Zack Wheat, outfielder, were the shining lights in Brooklyn's second victory over the Cleveland Indians in the third world series battle Thursday afternoon. Smith southpawed himself to glory by holding the Indian swatters to three blows one a double by Speaker. He would have gotten away without a score if Wheat hadn't let Speaker's drive get away from him. Zack opened up matters however, by getting three solid blows off the Cleveland moundmen in four trips to the plate. He played a good fielding game outside of the one error which did not change the winner although it unsteadied Smith for a few minutes.

CLEVELAND FANS STILL CONFIDENT

Speaker's Friends Sure He Will Turn Tide on Friendly Soil Tomorrow.

(By Henry T. Farrell)

Cleveland—The big world series show was being shifted today from Brooklyn to Cleveland. Various and assorted players umpires, scribes and a few faithful fans were due here today to look over the new battlefields and prepare for resumption of hostilities tomorrow. Unlike the fans of Flatbush who failed to work up a thrill over the classes the fans of the Forest City were talking baseball.

Although the Brooklyn Robins were coming into the reservation of the Indians with a one edge on the series, the home folks were confident the American league champions would profit by the stay on friendly soil and emerge the winners. Tomorrow game, the fourth of the series, is the opener of a race of four games here. Play will start at 2 o'clock.

Brooklyn's victory yesterday was figured by some experts as the turning of the series. Brooklyn played like champions. They had the attitude of winners while Cleveland seemed to lose heart over the break. Cleveland's plight is not encouraging, although the home fans can't see anything but silver linings. Two of Speaker's trio—Bagby and Mails—have been used up for nothing and Caldwell was found to be a poor gambler.

Brooklyn on the other hand has Preffer, Cadore, Mitchell and Mameaux in reserve. Cadore and Mameaux are uncertain but they are both good half game pitchers. Working together they have a good chance for a game.

One of the most surprising features of the series so far has been the strength of Brooklyn at a position prejudged to be woefully weak—at shortstop. In Olson instead of being a misfit as some judged has played sensationally. His work has been brilliant and spectacular. The Brooklyn infield as a whole has been a revelation and the pitching all that was expected.

Cleveland's most glaring weakness outside of light stick work has been at shortstop where Sewell has been making a game effort to fill the shoes of the late Ray Chapman.

While Coveleskie was considered more or less as a certainty for the opening game here, the Brooklyn pitcher is doubtful. It is almost a cinch however that Uncle Robby will not send Burleigh Grimes his ace against the Pole. Rube Marquard may take another whirl at the honors as it is apparent that Cleveland is not madly in love with a southpaw.

Leon Bartlett has returned to his home in the town of Harrison, after submitting to an operation on his nose and throat at St. Elizabeth's hospital. William Mainland of Oshkosh was a business visitor here on Thursday. Joseph Miller of Shawano, was here on business Wednesday.

BALTIMORE WINS TWO GAMES FROM SAINTS

Baltimore—Baltimore made it two in a row in the inter league series with St. Paul on Thursday winning the second game by 8 to 5. It was a free hitting contest with the home club better able to bunch its bingles and with one big inning to its credit the new International league champions had no great trouble in winning.

Ogden went the route for the home team while Manager Kelley of the Saints was called on to use a trio of his strong arm men. Meritt a left-hander started out for the pennant winners of the American association and after a bad first inning went along in good fashion until the fifth when the Orioles started a bombardment that drove him to the showers. After three runs had been chalked up with him, one out, Willms took up the burden but listed only one run of an inning during which time three more counts were put over. Crouble then took the mound and stopped more trouble after leading the bases. He permitted only one hit during his occupancy of the hill.

The fielding on both sides was brilliant at times. Shortstop Foley of Baltimore and Third Baseman Rupp of St. Paul shined in this respect.

The third game of the series will be played on Saturday.

HIGHS DO NOT LOOK FOR EASY VICTORY

West Green Bay Team Pointed to Defeat Appleton Here Saturday.

The high school warriors expect to make things interesting for West Green Bay in the football game Saturday afternoon at Lawrence field. They have been making noticeable headway in scrimmage scoring against the lawrence eleven a day or two ago. New plays and fast team work took them to the Lawrence 10 yard line also. Chester Roberts has loaned his assistance for a few days this week in line coaching and Harold Becker, manual training instructor and former star for Stout Institute has been helping to coach the highs to a high state of perfection.

No easy task is anticipated in battling the Bay team which recently beat Sturgeon Bay high considered one of the state's strong teams by a score of 48 to 0. Liberal support from the students is expected along the side lines.

Word from Green Bay Friday morning indicated that the west side team has been pointed especially for the Appleton game which it regards as the most formidable rival on its schedule. The team is still smarting under last year's defeat. The men are said to be heavy and fast and look fully as good as Appleton in practice.

Nathan Ullman of Chicago, one of the owners of the Continental clothing store, was in Appleton Wednesday on business. He left for Chicago Thursday morning to visit his store in that city.

JINX HANGS OVER INDIAN PITCHERS

Fans Think Speaker Ought to Play in Closer to Watch Moundmen.

(By Harold D. Jacob)

By United Press Leased Wire

Cleveland, Ohio—There was some talk here today of remodeling League park to bring center field closer to the pitchers box so manager Tim Speaker may know what is going on in that sector when the world series games are renewed here tomorrow.

To the average fan it seems both of Cleveland's defeats have been because Speaker couldn't discern that his first choice pitcher had nothing but a pained expression until the Dodgers' tongues were hanging out from running around the bases. Some Cleveland loyalists have figured out this way.

If center field is moved in far enough Speaker can observe the trend of affairs without waiting to see the Brooklyn runs chalked up on the scoreboard or buying a newspaper extra.

Many fans however, were inclined to the superstition that jinx now hangs over the first man. This picks for having duty. Witness the fact that Jim Bagby, premier pitcher of the American league left over things but his windup on the bench when he started Wednesday and that when

NO BIG GAMES ON THE EASTERN GRID SCHEDULE

By United Press Leased Wire

New York — About all that can be accomplished on the eastern gridiron tomorrow will be to get the spectators in a properly receptive mood for the real features of the season. There are some nice little pieces of comedy or two but not a thing that can be expected to cause spasms.

The big three are to see action Yale's engagement with North Carolina state having the flavor of an inter sectional event. Princeton is to meet Maryland and Harvard faces Valparaiso. Penn State and Dartmouth are about the closest to putting up a regular game. Pittsburgh is to encounter West Virginia at Pittsburgh. The game is of more than ordinary interest because of West Virginia's advancement in the last two years.

Shim Caldwell made his world series debut yesterday his sole stock in trade was a girlish gesture. Anyway, the Clevelanders were preparing to go out to the park and see for themselves just what kind of a bird this 'Uncle Robby' is and does he eat buzz berries.

Philadelphia—The ruins of a lodging house which collapsed shortly before dawn were searched today for several men. Four men were injured, two perhaps fatally.

The accident was believed to have resulted from removal of a partition during alteration work.

INTERLAKES SET FOR TITLE GAME

Big Crowd Is Expected to See Last Game of Season Saturday Afternoon.

Appleton baseball season will be closed Saturday afternoon when the Interlake Pulp and Paper company team meets the Green Bay Barber team at Interlake park in a game which is to decide the industrial championship of the state.

The Green Bay team has won 14 games and lost three in the season now closing, while the Interlakes have won 20 and lost three games.

Arrangements are being made to accommodate one of the largest crowds of the season. A large number of Green Bay fans will accompany the team here.

Either Mike Murphy or Last will work on the hill for the pulpmen, with Brandenburg on the receiving end.

BIG TEN TEAMS GET INTO ACTION SATURDAY

Chicago—The midwestern football season will hit into full swing tomorrow when games are scheduled for all members of the 'big ten' conference.

Only two inter conference clashes are scheduled. These are between Purdue and Chicago and Minnesota and Northwestern.

Flushed from victories over minor teams last Saturday, Purdue and Northwestern were out to upset opponents and attempt to pluck victories from expected defeat.

Three of the big ten teams make their initial gridiron appearance. They are Chicago, Michigan and Illinois.

The last two teams are booked to meet outsiders. Michigan will get its first tryout against Case. Illinois supporters will obtain their first glimpse of the 1919 champs when they take the field against Drake.

Green Bay has announced that either Butch or Deycelev will pitch with La tour catching. George Hogreiver will call balls and strikes.
